Parental Notice

The Parental Responsibility Act of 1994 (Code of Alabama 16-28-12) requires the following:

1. Students and parents, or guardians or other persons having control or custody of a child, must sign that they have received a copy of the school board's policy on behavior standards.
2. Principals must report to the superintendent any parent, guardian, or other person having control or custody of a child who fails to attend school or who fails to have the child properly conduct him/herself at school. The superintendent must report the violators to the District Attorney within ten (10) days.
3. The parent, guardian, custodian or other person responsible for the care or control of the child is financially responsible for the child's destructive acts against school property or persons.

By signing the notice of receipt, I am verifying that I have read and understood the conduct, attendance and academic rules, laws and regulations contained within this Student Handbook and agree to support the school in administering these rules. I also understand that the Student Handbook not only applies during academic hours, but also anytime my child is a representative of the school and/or school system. Examples include but are not limited to field trips, summer camps/practices, overnight trips, extra-curricular activities during summer months/weekends/holidays, and any off-campus activities.

Notice of Receipt

(Please Print)

Name of Student _____

School _____

Date _____

We hereby acknowledge by our signatures that we have read, or had read to us, the Marshall County Board of Education Code of Conduct, to include the system's policy of Sexual Harassment, Section 504 of the Rehabilitation Act, the Individuals with Disabilities Education Act, Acceptable Use and Internet Safety Policy, and Technology Usage Policy including the Media Waiver and Device Agreement. Also, we have read and understand the Attendance Policy, Grading Procedures, and Parental Notice. We understand both apply to any student enrolled in any grade in Marshall County Schools. We understand that all policies apply to all students and parents in the public schools, to school campuses, school buses, or other school-owned/operated vehicles, and school related activities and events.

My signature indicates that I did not receive a hard copy of the student handbook (code of conduct). It is provided to me online at www.marshallk12.org. I may request a hard copy at my school office.

Student Signature _____

Parent/Guardian Signature _____

Parent/Guardian Signature _____

NOTE: THE STUDENT AND PARENT(S) MUST sign the above statement. If the student lives with both parents, both parents are to sign the statement. If the student lives with only one parent, only one parent is to sign.

A separate statement is to be signed for each student in the household.

Please sign this page and have the student return it to the school. Keep the Student Handbook (Code of Conduct) for future references.

Technology Usage Policy

Technology Usage Policy Available at www.marshallk12.org

Technology Usage Agreement Form

Parents/Students:

Students may not be allowed technology access until this form has been completed, signed, and returned. If you have any specific questions regarding the policy, please contact the Principal at your school.

From time to time, your child's school or the district may wish to publish examples of student projects, quotes, photographs, student recognition and/or video that include your child on the Marshall County Schools' web pages, in publications authorized by school officials, or on Marshall County's Community Channel. Pictures or video posted on the Marshall County Schools' web sites, in publications authorized by the school or district, or shown on the Community Channel may include but are not limited to students when they are involved in projects, when they are in large groups, participating in a virtual lesson on or off campus, or when they receive recognition. Selected school materials published on the web could include but are not limited to; artwork, written papers, videos, and/or class projects.

Students:

I acknowledge that I have read, understand, and agree to all terms in the Marshall County Schools Technology Usage Policy as outlined in the Marshall County Schools' Policy Manual. I further understand that, as a student in Marshall County Schools, I am responsible for appropriate behavior when using any Marshall County Schools technology resource or any personal technology resource if allowed on campus.

I understand that any or all of the following disciplinary actions could be imposed if I break any of the rules in the policy:

- loss of access to any technology resources such as but not limited to computers, printers, the Internet, and/or video equipment;
- additional disciplinary action determined as appropriate at a specific school by school staff; and/or legal action, when applicable.

I also understand that this agreement will be binding during my entire career at my current school and as a student of Marshall County Schools, I understand and agree to comply with the Technology Usage Policy.

Parent/Guardian:

- My child may use the Internet while at school according to the rules outlined in the Marshall County Schools Technology Usage Policy.
- My child's picture (including those in a video format) may be published on Marshall County web pages, other district/school licensed sites, and within virtual lessons shared among district teachers.
- My child's full name may be published on the Internet, in publications, authorized by school officials, and/or school and district TV channels.
- My child's selected school materials may be published on the Internet, in authorized publications, and/or school and district TV channels.
- My child may have an email account for school related purposes.

Media Waiver

As the parent/guardian, I hereby grant permission to Marshall County Schools to allow the publication of the picture and full name of child in school-related articles in the following publications: (1) The Sand Mountain Reporter, (2) Advertiser Gleam, (3) The Birmingham News,(4) Arab Tribune, (5) The Gadsden Times and (6)The Huntsville Times. This permission also applies to any and all Internet versions of those publications. I understand that if I deny this permission, my child will be excluded from having his or her photograph taken along with peers and classmates, for such publications.

I give my consent to Name, Photography and Statements (included in Notice of Receipt).

Technological Device Agreement

By signing the cell phone agreement, I understand the terms of the Cell Phone Policy as presented in the Student Handbook.

Guidelines for the Use of Technological Devices

The Marshall County Board of Education is committed to maintaining the highest quality instructional environment possible. The MCBOE has approved the adoption of a new policy that restricts the use of technological devices during the instructional day as follows:

1. Any use of personal technological devices (cell phones, ipads, smart watches, etc) during the school day will be prohibited. Any variation of this policy is only at the discretion of the PRINCIPAL.
2. Any technological device is subject to search in the event the school administrators believe reasonable suspicion exists to support the search.
3. If an emergency should occur and parents need to speak to their child, please contact the campus' main number for assistance.
4. Additionally, the principal and/or his or her designated personnel have the authority to

- grant temporary usage of technological devices during declared emergencies or crisis.
5. During state mandated testing, students are expected to turn their technological devices into the classroom teacher before the test begins or abide by other procedures established by the principal.
 6. The district will not assume responsibility for any item that is damaged, lost, or stolen. Administrators will not be responsible for recovery efforts.
 7. If a student is caught using a technological device for text messaging during exams, photographing tests, taking inappropriate photos or movies, harassment or any other highly inappropriate use of the device, then more severe consequences may be administered at the Principal's discretion under the categories of academic dishonesty, production, or possession of pornography, harassment, etc. Students receiving these messages could be subject to the same offenses as the person who sent the message, unless the student reports this immediately to an administrator. Law enforcement may be contacted if it is deemed necessary.

Violation of the policy will result in the following:

1. First Violation: The device will be kept by the principal until the end of the school day.
2. Second Violation: The device will be kept by the principal until the end of the school day and a parent conference will be required.
3. Third Violation: The device will be kept by the principal until the end of the school day, a parent conference will be required, and 3 days of ISS may be assigned for defiance of authority.
4. Fourth Violation: The device will be kept by the principal until the end of the school day, a parent conference will be required, and 5 days of ISS may be assigned for defiance of authority.
5. Fifth Violation: The device will be kept by the principal until the end of the school day, a parent conference will be required, and 3 days of alternative school may be assigned for defiance of authority.

Certificate of Insurance Coverage

We (I), the undersigned certify that we (I) are (am) either the parents of

student at _____ School, or have legal custody of such student, or are (am) the adult person(s) having his (her) actual custody and providing parental like supervision and exercising parental like authority over the said student; and do further certify that said student is covered by a medical insurance policy which is currently in force and which we (I) intend to keep in force for the remainder of the present school year.

Insurance Company:

Policy Number:

We (I) therefore request that the said student be relieved of the requirement of taking medical insurance afforded through the school and which would otherwise be required in relation to his (her) participation in organized athletics, Marshall Technical School courses, and/or Marshall County Technical Courses.

Parent

Parent

Date

*Both parents should sign if practical.

School Insurance

School insurance is offered to the students of Marshall County as a service only. Guaranty Trust/George Hibbett Insurance, provides the school accident insurance for students and athletes. For grades K-12, the nine month school time coverage is \$14.00 for grades K-6 and \$20.00 for grades 7-12. Twelve month full time coverage (24 hour) coverage is \$55.00 for grades K-6 and \$75.00 for grades 7-12. Extended dental coverage for covered accidents can be purchased for an additional \$8.00. Checks for insurance must be made to Guaranty Trust.

Parents should understand that this is a limited coverage which is not intended to replace a hospital medical insurance policy. It is important that parents read the policy and understand the extent and limits of the coverage.

All students participating in an extracurricular activity which involves travel (athletic and academic competition teams, etc.) must be covered by some type of accident insurance. The student's parent/guardian must either sign a waiver stating that the student is covered or must take the school insurance. A copy of this waiver is found on the previous page of this handbook. This waiver form may be filled out, detached and returned to the school office, coach or extracurricular sponsor. The \$20.00 insurance will cover all school activities except junior varsity and varsity football. (Junior high football, varsity and junior high basketball, band, cheerleading, spring sports, volleyball, one day field trips, etc. are covered to the extent of this policy). Junior Varsity and Varsity football must have separate coverage. Football only coverage for grades 10th - 12th (and 9th if playing with grades 10-12) is \$130.00. Spring practice only is \$37.00. This will be explained by the coach and/or principal prior to the beginning of fall and/or spring practice. A catastrophic policy offered through the Alabama High School Athletic Association will be purchased by the school for all athletes who are registered and eligible under AHSAA guidelines.

Notice: the school is not responsible for any medical expenses above the coverage of the policy. Proper forms for filing claims can be obtained from the school principal's office. Questions may be directed to the principal, coaches or by directly contacting the company's toll free number, 1- 877-272-4532 or 1-800-622-1993.

Non-discrimination Policy

It is the policy of the Marshall County School System that no student be excluded from participation in, be denied the benefits of or subjected to discrimination in any program or activity, on the basis of sex, race, age, disability, religion, belief, national origin or color. Any student determined Homeless by the McKinney Homeless Assistance Act, Migrant, Immigrant, English Language Learner, or in Foster Care will not be denied admission or discriminated against in any school or program in the Marshall County School System. The Boy Scouts and Girl Scouts of America will not be denied access to the use of school facilities. Any parent or legal guardian wishing to raise questions, lodge complaints or express other concerns is invited to participate in resolving issues believed to be discriminatory by contacting Dr. Cindy Wigley, Superintendent of Education or Alan Garner, Assistant Superintendent/Title IX Coordinator. Address: 12380 US Hwy 431 South, Guntersville, AL 35976. Telephone Number: 256-582-3171.

Message from the Superintendent

Welcome to the 2020–2021 school year! We know that it will be a year full of meaningful learning and great accomplishments, and the foundation for this will be our safe and orderly learning environments.

This handbook offers students and their families essential information about our expectations for student behavior and what steps we take when issues arise. In addition, the handbook describes what Marshall County Schools does to foster character development and the supports and resources available to promote positive student behavior. Great care has been taken to ensure that Marshall County Schools behavioral and discipline policies are consistent and effective. Please review this handbook as a family and talk about the purpose of school, the value of education, and the importance of positive behavior. Educators teach and students learn in our schools, but students also discover their talents and interests, make friends, and develop as individuals and future citizens during the years they spend with us. We know that you share our commitment to fostering this positive growth.

Dr. Cindy Wigley

Superintendent

*** In some cases, report cards are ready to be sent home on the last day of school. All others should be ready for pickup at the school by June 4, 2021. Parents should bring a self-addressed stamped envelope for mailing.

Mission, Vision, and Beliefs

2020-2021

MISSION

Marshall County Schools: Expect, Empower, Excel

VISION

Marshall County Schools will be an exemplary learning community enriched with staff and students whose high expectations have empowered them to excel.

BELIEFS

In order to inspire students for lifelong success, Marshall County Schools' students, faculty, and staff believe that:

- Our schools should be safe and secure learning environments
- Children are the first priority and are expected to take ownership of their learning
- All students deserve the highest quality education possible
- Our educators make the critical difference in student achievement
- High quality instruction is critical to student success
- Parental and community involvement enhances learning and academic achievement
- All students can learn
- Our extracurricular activities enhance student development
- Effective integration of technology offers opportunities for our students to be successful in a global society

National Anthem

Oh, say can you see by the dawn's early light,
What so proudly we hailed, at the twilight's last gleaming?
Whose broad stripes and bright stars, through the perilous fight,
O'er the ramparts we watched, were so gallantly streaming?
And the rocket's red glare, the bombs bursting in air,
Gave proof through the night, that our flag was still there,
Oh, say does that Star-Spangled Banner yet wave
O'er the land of the free and the home of the brave?

Oh, thus be it ever when freemen shall stand,
Between their lov'd homes and the war's desolation;
Blest with vict'ry and peace, may the heaven rescued land
Praise the Pow'r that hath made and preserved us a nation!
Then conquer we must when our cause it is just,
And this be our motto: "In God is our trust!"
And the Star-Spangled Banner in triumph shall wave
O'er the land of the free and the home of the brave!
-Francis Scott Key

The American's Creed

I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign Nation of many sovereign States; a perfect Union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes. I therefore believe it is my duty to my country to love it; to support its Constitution; to obey its laws; to respect its flag; and to defend it against all enemies.
-William Tyler Page

Pledge of Allegiance to the Flag

I pledge allegiance to the flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.
-Francis Bellamy

Alabama State Department of Education Policy

Use of Digital Device During the Administration of a Secure Test Student Policy

The possession of a digital device (including but not limited to cell phones, MP3 players, cameras, or other telecommunication devices capable of capturing or relaying information) is strictly prohibited during the administration of a secure test. If a student is observed in possession of a digital device during the administration of a secure test, the device will be confiscated.

If a student is observed using a digital device during the administration of a secure test, testing for the student will cease, the device will be confiscated and is subject to search, the student will be dismissed from testing, and the student's test will be invalidated.

Local education agency (LEA) personnel will make all students, parents, and/or guardians aware of this prohibition through inclusion of this policy in the Student Code of Conduct Handbook and other regularly used modes of communication.

Elementary and Middle School Awards Days and Graduation

Elementary and Middle School Awards Days and Graduations will be held during the last week of the school year. Report cards cannot be given out until the last day of school.

Study Halls

In most cases, study halls at the Junior High and High School level do not offer adequate learning opportunities for students and do not challenge them appropriately. Often they are a complete waste of instructional time. Therefore, study halls are to be eliminated to the extent possible. Before study halls are placed in the master schedule they must be approved by the superintendent or his/her designee.

High School Graduation Ceremonies

In order to receive a high school diploma, students must pass the minimum number of Carnegie Units as required by the Alabama State Department of Education and the Marshall County Board of Education.

Grading Procedures

Grades 6–12

Grading is a symbolic manner of communicating student achievement, performance, and progress. Criteria to be considered in assigning grades shall include but not be limited to the following: achievement, homework, attendance, effort, ability, test scores, and participation. Grades are an accurate reflection of the student’s ability.

School Responsibility

1. Teachers will assign grades based on objective and subjective evaluation of all criteria used to determine grades (see paragraph above). Students will earn partial credit for work submitted within 10 days.
2. Grades are affected by excessive absences because in-class instruction/discussion cannot be made up. Efforts will be made to provide the student with the opportunity to make up missed work.
3. Teachers will provide opportunities for conferences with parents to discuss the progress of students.
4. Upon the request of a student or parent, the teacher will review the criteria and evaluation materials used in determining a grade.
5. Teachers will provide make-up assignments to students for an extended absence of 3 or more days. Work is to be completed within 3 school days unless arrangements have been made between the student, parent, teacher, and administration. Teachers will create a system to ensure makeup assignments are available to students upon return to school. Up to ten percent of the grade can be deducted per day after the assignment due date. Students may still earn a zero for incomplete assignments.
6. After a third zero is entered in the gradebook during a grading period for the student, the teacher must make an effort to contact the parent. This attempt will be documented.

Student Responsibility

1. Students are responsible for completing all school assignments, including homework.
2. Work missed during absences should be made up. Students are responsible for asking for missed assignments.
3. Students are responsible for keeping up with their grades in INOW.

Parent Responsibility

1. Parents will monitor their children's progress in school, oversee homework, reduce absences to a minimum, eliminate tardiness, and confer with teachers as necessary.
2. All school communications, including progress reports, appointment requests, report cards, and teacher messages will be signed and returned.
3. Parents will notify the school at least 3 days before planned absences of a week or more so that assignments may be made for that period.
4. In order to accommodate parents with scheduling doctor, dentist, or other recurring appointments, students will be released one day per month at 11:20 a.m. Please use these dates whenever possible.

Grading Procedures Framework

Summative/Major	Formative/Minor
60%	40%
Unit Tests Quizzes Projects Essays Presentations Achievement Series Research Papers Final Drafts Credentialing Assessments	Classwork Homework Class Participation Bellringers Graphic Organizers Rough Drafts Exit Tickets Achievement Series Credentialing Pretests Project Checkpoints

Grading Scale – Letter Grade/Numerical Grade Progress

- | | | |
|---|--------------|------------------------------------|
| A | 90 – 100 | Outstanding Progress/Proficiency |
| B | 80 – 89 | Above Average Progress/Proficiency |
| C | 70 – 79 | Satisfactory Progress/Proficiency |
| D | 60 – 69 | Passing but Below Proficiency |
| F | 59 and Below | Failing |

The minimum number of grades per subject to be entered into INOW will be (11) per nine weeks with at least (3) of those grades being summative. Grades will be updated weekly in INOW.

Homework

Students will be expected to do homework assignments. These assignments will be kept to a reasonable amount.

The Marshall County Board of Education and the educators of Marshall County Schools hold teaching and learning to a very high standard. Students are expected to turn in all assignments.

Notice of Gifted Education Program

Gifted students are those who perform at, or who have demonstrated the potential to perform at, high levels in academic or creative fields when compared to others of their age, experience, or environment. These students require services not ordinarily provided by the regular school program. Students possessing these abilities can be found in all populations, across all economic strata, and in all areas of human endeavor.

Teachers, counselors, administrators, parents or guardians, peers, self, or any other individuals with knowledge of the student's abilities may refer a student. Additionally, all second grade students will be observed as potential gifted referrals using a gifted behavior checklist. For each student referred, information is gathered in the areas of Aptitude, Characteristics, and Performance. The information is entered on a matrix where points are assigned according to established criteria. The total number of points earned determines if the student qualifies for gifted services.

To make a gifted referral, contact the counselor at your child's school.

Use of Library Media Center

- A student must have a pass from their teacher(s) to use the library.
- All books, magazines and papers must be signed out before they can be taken from the library.
- Books may be checked out for 7 days and may be renewed for an additional 7 days if needed.
- A fine of ten cents (10¢) per day will be charged for each day a book is overdue.
- Students must pay for lost or damaged library books.
- Only the media specialist, library assistant and student assistants are allowed behind the check-out counter and in equipment or storage rooms.
- Since the media center is a place for reference, leisure reading and study, students are expected to show consideration for others.

Textbooks

The textbooks used at school are those that are state and locally adopted. Such textbooks are not the property of the student, but must be accounted for by both the student and the school. For this reason, any textbook that is damaged or lost must be paid for by the student to whom the book is assigned. At the beginning of the year (term), each student receives the textbooks that he/she will need for his/her particular course. ONCE EVERY NINE WEEKS, a check will be made by the teacher to see that the student still has the book checked out to him/her. Fees for lost or damaged textbooks will be paid to the school bookkeeper in the office, and a receipt will be issued to the student. New textbooks will not be issued for lost or damaged books until these fees are paid.

Promotion and Retention

Promotion: Standards for promotion are designed to ensure that students have successfully acquired the knowledge and skills necessary to be promoted to the next grade. The standards shall ensure uniformity and consistency within the Marshall County School System.

Grades 9-12: Grade placement is based on the successful accumulation of Carnegie Credits and the completion of core coursework as follows:

- To be promoted from grade 9 to grade 10, a student must have earned six (6) Carnegie Credits, with at least four (4) Carnegie Credits in core courses.
- To be promoted from grade 10 to grade 11, a student must have earned twelve (12) Carnegie credits, with at least eight (8) Carnegie Credits in core courses.
- To be promoted from grade 11 to grade 12, a student must have earned seventeen (17), with twelve (12) Carnegie Credits in core courses. However, a student may be denied senior status if it is determined that it is not possible for him/her to graduate in May of that particular school year.

Grades 6-8: Students grades 6-8 will be promoted from grade to grade based on mastery of skills.

Assignment and Retention (Grades 6-8): The Board recognizes that some students will not meet the promotion standards and may require more time in school to develop their academic potential. For some students, the opportunity to repeat a grade may be beneficial. The decision regarding promotion, assignment, or retention shall be made at the local school based on criteria adopted by the Marshall County Board of Education. In order for retention or assignment to be made in the best academic, social, and emotional interest of the student, careful evaluation of a variety of factors shall be considered by the Problem Solving Team (PST).

Assignment/Retention Procedures:

1. All student retentions shall be considered on an individual basis.
2. The teacher shall inform the PST of possible inclinations to retain a student no later than the end of the third grading period. The PST shall observe and study records. The teacher and PST shall discuss immediate remediation, which skills are lacking, and other steps that could be taken to avoid retention.
3. Parents shall be notified that retention is under consideration. Notification that retention is possible shall be noted on the report card following the end of the third nine weeks. Parent conferences shall be scheduled to discuss possible retention.
4. A student who does not meet the requirements for promotion shall be a candidate for assignment or retention. In reaching a decision, there shall be consideration of all or a combination of each of the following:

- Academic performance and the number of failing grades
- Academic progress made during the year
- Social, emotional, and physical development
- Age
- Input from parents/guardians
- Input from professional staff
- Attendance patterns
- Effort
- Extenuating circumstances that could have impaired performance on a temporary basis
- Special Education needs and services

Careful attention will be given to the number of times a student is retained in grades 6-8. A second retention will require approval from the Department of Instruction (and Special Education approval, if applicable.)

A student retained in a grade or assigned to the next grade shall have the District Retention/Assignment Form completed by the teacher and placed in the cumulative folder. Students who have not met the requirements for promotion may be administratively assigned to the next grade by the principal after conferencing with the teacher and parents. The Administrative Assignment Section of the District Retention/Assignment Form will be completed and signed by the teacher, parent, and administrator. This form shall be placed in the cumulative folder. The words "assigned to" shall be used in lieu of the words "promoted to" on the report card and cumulative folder.

Students who are eligible for promotion from grade to grade may nevertheless be retained by agreement of the parents and the Superintendent or his/her designee. The decision regarding the assignment or retention of students in special education programs shall be made using the same criteria as the regular education students unless academic and/or

social-emotional deficits are addressed by the Individual Education Program (IEP).

Physical Education and Physical Fitness Test

All students in grades K-8 are required to take Physical Education. High school students must take one year of “Lifelong Individualized Fitness Education (L.I.F.E.). All Physical Education courses in grades K-12 must adhere to the Alabama Course of Study Physical Education (2003). All students who receive a physical education credit for L.I.F.E. or for any elective physical education credit; such as weight lifting, physical fitness, athletic training, etc. MUST take the annual physical fitness test as required by the Alabama State Department of Education. Physically disabled students may be excused from specific physical activities upon presentation of a doctor’s excuse, but not excused from Physical Education class. Only one physical education credit may be earned each school year.

Homebound Instruction

In circumstances where a student must be absent from school because of illness or injury for a period of two weeks or more, homebound instruction may be provided. Consideration for homebound instruction will be extended only to students that reside in the Marshall County School System. A licensed physician must provide documentation that the student is physically unable to attend school on a form provided by the Marshall County Board of Education.

The purpose of the homebound instruction will be to provide tutorial assistance to the student at an assigned location for three hours per week.

Grade determination for assignments completed by the homebound student will be made by the regular program teachers, principal and appropriate central office supervisor.

Study Habits

Good grades are earned by students, not given by the teacher. Suggestions that might help all

students do better school work are as follows:

1. Attend school regularly.
2. Be attentive in class.
3. Write down all your assignments.
4. Complete and hand in assignments promptly.
5. Ask questions if you do not understand.
6. Have a definite place to study at home.
7. Study over each school day's work.
8. Last, but not least, take a lot of pride in yourself, your school and your community.

Continuous Enrollment for Senior Year

Except in cases of bona fide change of residence or other circumstances equally valid for making an exception, a student is not to be graduated from high school unless he/she has been in continuous attendance therein during the entire high school year immediately preceding the date of graduation. In the event of the transfer from one school to another of a twelfth grade student who wishes to become a candidate for graduation at the end of the year, the school receiving the student should ascertain in writing the standing of the student and his/her prospects for candidacy for graduation from the principal of the school from which the student is preparing to transfer.

Approved Courses

The courses offered at each school and the grades at which they will be taught have been approved by the Board of Education. No course may be added or deleted from the list or changed to other grade levels without the approval of the Board of Education. All courses offered for credit must meet minimum standards set forth by the State Department of Education and the Southern Association of Colleges and Schools.

Dual Enrollment

Dual Enrollment:

Certain high school students may enroll in postsecondary institutions in order to earn credits for a high school diploma and/or a postsecondary degree at both levels. Students eligible for dual enrollment are only required to be on campus for the courses required to graduate. This program is open to all students who meet the following requirements:

Admission for Dual Enrollment Credit:

1. Have at least a 2.5 standard GPA on a 4.0 scale in completed high school courses;
2. Students must be in grade 10, 11, or 12. An exception may be granted by the Chancellor for students documented as gifted and talented in accordance with Alabama Administrative Code §290-8-9.12.
3. Students must have written approval of the appropriate principal or career and technical education program representative (if applicable) and counselor. Approval from secondary school officials indicates that the student has demonstrated both academic readiness and social maturity.
4. The post-secondary institution has the right to restrict a student's enrollment on the basis of academic readiness, social maturity, health and safety concerns, course availability, and/or local institutional policy.

Placement and Prerequisites:

1. All dually enrolled students must take a state-approved college placement test, where minimum placement is required, specifically for college-level English, math or reading courses. Students in the 10th or 11th grade registering only for career and technical courses may take a state approved placement test but are not required to do so. Colleges must ensure that all students take a state-approved college placement test prior to registering for dual enrollment courses for the 12th grade year.
2. Students must meet all applicable prerequisites prior to enrolling in courses.
3. Developmental courses (those numbered below 100) are not offered through dual enrollment.

Continuous Eligibility for Dual Enrollment for Dual Credit:

1. Students who meet the criteria for initial admission for a Dual Enrollment for Dual Credit program will maintain continuous eligibility so long as they earn a grade of C or better in all attempted college courses.
2. Students who fail to meet this minimum grade requirement or who withdraw from a course will be suspended from the program for a minimum of one term. The one-term suspension may not be served during the summer. The student may not re-enroll until the suspension has been served. For re-entry, the student must reapply to the program and must meet the minimum grade point average requirements.

Course Offerings:

1. Dual Enrollment for Dual Credit courses offered by the postsecondary institution shall be of postsecondary/college level. Students may be exposed to and be involved in discussions of mature subject-matter. Course curricula will not be modified. Courses may be offered at approved locations on or off the institution's campus(es). Courses

may be cancelled at the discretion of the institution for reasons such as, but not limited to, low enrollment or lack of credentialed faculty.

2. Courses offered by postsecondary institutions shall be drawn from the respective institution's existing academic inventory of credit courses. Only courses required in the student's program of study will be eligible for Dual Enrollment for Dual Credit. **Developmental courses (those numbered below 100) are not offered through dual enrollment.**

Payment of Tuition, Fees and Additional Associated Costs:

1. Students in Dual Enrollment for Dual Credit courses are responsible for the cost of tuition, fees, textbooks, and materials and supplies as required in the syllabus of each course at the institution, unless covered by alternative funding sources. Dual Enrollment scholarship funds may be provided for required items that are listed in the college course syllabus.
2. Students who fail to pay tuition and fees by the end of the drop/add period are not considered enrolled and may automatically be dropped from course rolls. The appropriate LEAs and/or other secondary educational entities will be notified.

Grading:

1. Students earning Dual Enrollment credits for classes taught on the college level will receive ten (10) additional numeric points on the semester average for the course and one (1) additional quality point for the course.
2. For ranking purposes, first semester grades only will be counted unless the college releases a mid-term average corresponding to the third nine-weeks grade (this is only applicable during grade 12. For example, dual enrollment courses taken prior to the senior year will count first and second semester).
3. In order to earn credit at the community college level, the student must earn a 70 or higher (refer to *Continuous Eligibility for Dual Enrollment for Dual Credit*) In the case that the grade received from the community college is below a 70, the student will earn 1 high school credit for the course if the grade is between a 60 and 69. In the case that the course failed at the community college level is first term, the student will be placed in the equivalent second semester course to earn the remainder of his or her credit.

Dual Enrollment for Dual Credit Limitations:

1. Student enrollment in a combined number of high school and college courses per term will not exceed that which is educationally sound as determined by the institution and the LEA and/or other secondary educational entity.
2. Credit awarded. One (1) three-semester-credit-hour course at the postsecondary level shall equal one (1) high school Carnegie credit in the same or related subject at the

secondary level. In the case of English 11 and English 12, additional action is required. LEAs may determine, in conjunction with the college, how credit for English 11 and/or English 12 is awarded. For courses that are more than three credit-hours, the college and LEA will need to agree to a crosswalk of courses.

3. Students must have signed parental permission for travel off the high school campus.
4. Transportation responsibility. Transportation is the responsibility of the parent/guardian of such students unless otherwise negotiated between the institution and the secondary educational entity.

Advanced Placement (AP)

Courses: The AP Program was developed by the College Boards and currently offers 37 courses in 20 subject areas for high school students. Each course is developed by a committee composed of college faculty and AP teachers, and covers the breadth of information, skills and assignments found in the corresponding college course. AP courses are taught by highly qualified high school teachers who use the AP Course Descriptions to guide them. The Course Description for each discipline outlines the course content, describes the curricular goals of the subject and provides sample examination questions. The involvement of college faculty at all levels of exam development and scoring ensures that the AP Exams truly reflect college-level achievement. Students who perform well can receive course credit and/or advanced standing at thousands of universities worldwide. Advanced Placement (AP) classes are rigorous courses taught from a college textbook and a college syllabus. There are no tuition fees.

Exams: The AP Examinations are administered each year in May and represent the culmination of college-level work in a given discipline in a secondary school setting. Rigorously developed by committees of college and AP high school faculty, the AP Exams test students' ability to perform at a college level. The only expense will be the charge for taking the AP Exam. If students pass the exam, they may be granted college credit. **Grading:** Beginning with students entering the eleventh grade in 2009-2010, students who take AP classes will be granted the same grade weighting as is given Dual Enrollment classes. Students may also take additional classes in the summer.

Grade weighting will be ten (10) additional numeric points on the semester average for the course and one(1) additional quality point for the course. For example, a semester grade of 92 received in an AP English class would earn a 102 and the student would earn 5 quality points. The student must take the AP end-of-the course exam to receive the additional weighted numerical and quality points and pass the course with at least a 60 each semester. For example, a student who makes a 59 semester average will not receive credit for the course and will not receive additional points. Students must be present for the initial exam date. The only exceptions will be state approved events or illness excused with a physician's note.

Pre-AP Courses

Beginning with the 2011-2012 school year, students in high school and middle school may be enrolled in Pre-AP classes which will be taught on a rigorous level so as to prepare the students to take college level courses. These courses will take the place of courses currently designated as advanced or college prep. Students who pass Pre-AP classes will earn five additional numeric points on their semester average and .5 quality points in high school and/or middle school. Students must pass the course with at least a 60 each semester. For example, a student who makes a 59 semester average will not receive credit for the course and will not receive additional points.

Southern Regional Education Board (SREB) High School and College Readiness Courses

Marshall County is participating in a Readiness Course Program, which is a partnership between the Alabama Community College System (ACCS), the Alabama State Department of Education (ALSDE) and SREB. The purpose of this initiative is to reduce the large percentage of students entering community colleges requiring developmental courses due to a lack of earning benchmark scores on the ACT and/or other type of placement exam such as the ACCUPLACER. Students who successfully complete the courses (Literacy Ready and/or Math Ready) with an 80% or higher and possible exit exam, will be exempt from developmental or remedial classes at the community college level.

Please be advised that SREB courses do not meet the requirements of the National Collegiate Athletic Association Clearinghouse or the requirements for four-year institutions. These courses are designed for students who plan to enter an Alabama two-year college upon completion of high school. Additionally, the Literacy Ready course can replace the fourth year English Language Arts (English 12) and the fourth year of mathematics. Please be aware that four-year institutions require Algebra II for freshman college entrance. However, if a student has 30-plus credit hours in a community college, then most of Alabama's four-year institutions do not require Algebra II for admission.

High School Readiness courses will receive the same grade weighting as Pre-AP courses and College Readiness courses will receive the same grade weighting as AP and Dual Enrollment courses.

Lakeside Academy

Lakeside Academy is a blended learning environment offered at each of the four high schools that offers students flexibility, support, and structure that is different than the traditional classroom environment. Students participating in Lakeside Academy have the opportunity to learn at the pace and time that fits the needs of the individual student. The students receive instruction from certified teachers, encouragement, and guidance to aid them in their learning journey. Students are accepted into Lakeside Academy on a case-by-case situation.

Virtual Program Option

Alabama Act No. 2015-89 requires that all local school boards offer students in grades 9-12 an online pathway for earning a high school diploma. The Marshall County Schools Virtual program uses the curriculum of **ACCESS Virtual Learning**, a program administered by the Alabama State Department of Education. All course curricula are aligned to Alabama Courses of Study. Students intending to complete all graduation requirements through the Virtual program must meet the Marshall County Schools Graduation requirements. ***Approval or denial of a student for the virtual program option will be made at the discretion of the administration of the high school.*** For more information, refer to the Virtual Program Option policy.

Credit Recovery Program

In accordance with the guidelines of the Alabama Department of Education (ALSDE), the Marshall County School System will offer students who have received failing grades in courses that are required for graduation an opportunity to recover the lost credit through a standards-based approach that will target specific knowledge and skill deficits instead of requiring the student to repeat the entire course. Students are eligible to apply for Credit Recovery if the final grade earned in a course required for graduation was between 40 and 59. Alternatively, such a student can choose to repeat a course in its entirety during the next regular school term. Credit Recovery may not be used for credit advancement or courses not taken.

Teachers working with students in Credit Recovery programs must be certified in the content area they are teaching or in one content area if they are facilitating a software-based program. In situations where online courses (ACCESS) are being utilized, an approved adult employee of the school system may be used as a facilitator.

Grades, Credit and Limitation

- A maximum grade of 70 may be awarded in a Credit Recovery course.
- The original failing grade will remain on the student transcript file and will be included in calculating the final GPA.
- For students who fail to complete the Credit Recovery program by not demonstrating proficiency in required standards, there will be no grade change and no recovered credit for the failed course.
- The National Collegiate Athletic Association (NCAA) does not recognize Credit Recovery for course credit.

Refer to full credit recovery plan for more details.

Student Course Load

Every student is required to have a full schedule of courses. Students shall be required to remain in school for a full day of instruction. Unless involved in bona fide educational programs, such as cooperative training or college level course work, students shall be required to stay in school throughout the normal instructional day. Students shall be encouraged to take advantage of every educational opportunity. The student who has completed all but one or two requirements by his/her senior year may be placed in additional elective programs, assuring a full year's instruction.

There shall be no exceptions to this policy unless specifically granted by the Board of Education. Exceptions will only be granted in case of extreme hardship. Any request for an abbreviated schedule must be made in writing and must be forwarded through the principal to the Superintendent of Education.

Limitations on Course Credit

All courses (except as noted) will receive a numerical grade. The following courses will not earn grades or count as Carnegie Units: office aide, library aide, student aide.

School Supply Schedule

Course	Amount
Family Consumer Sciences	\$30.00 per course
Agrisciences	\$30.00 per course
Cooperative Education	\$30.00 per course
Art	\$20.00 per course
Band	\$10.00 per course
Choral and/or Theatre	\$10.00 per course
Science Laboratory	\$10.00 per course
Foreign Languages	\$10.00 per course
Marshall Technical School all courses	\$45.00 per course

Band Materials	\$25.00 per course
Computer/Career Prep (high school only)	\$15.00 per semester
Driver Education	\$25.00 per course
Graduation Fee	\$25.00 (plus actual cost for cap, gown, diploma and diploma cover)

Senior Recognitions

(Beginning with students entering the ninth grade in 2013-2014)

Valedictorian, Salutatorian, and Top 10 Awards will no longer be recognized for students entering the ninth (9th) grade in 2013-2014. Students earning the Top Ten Percent award will be eligible to apply to deliver the commencement speech. Applicants will be required to follow all selection criteria and will be judged by a committee of outside stakeholders.

Senior recognitions will include the following:

Top Ten Percent: The Top 10% of Graduates (Must be an Honor Graduate as defined below) in each graduating class will receive an "Academic Cord" and be recognized at Graduation Ceremonies beginning with the Freshman Class of 2013-2014 and each subsequent class thereafter. In the case that a school's top ten percent does not equal ten or more students, ten students will be recognized.

Academic Elite: All students who complete their Senior Year with an overall cumulative standard Grade Point Average (GPA) equal to or higher than a 4.0, and meet the Honor Graduate requirements, will be recognized as an "Academic Elite." This will include the standard weighted GPA for AP, Dual Enrollment, and Pre-AP courses.

Honor Graduate:

- 1) Student must satisfy all course requirements in order to graduate.
- 2) Student must successfully complete a minimum of 8 Advanced Placement, Dual Enrollment, Foreign Language or other approved advanced courses.
- 3) Students must have an overall cumulative final numeric average grade of at least an eighty-five (85) in order to satisfy the Honor Graduate requirements.

Career Technical Award:

- 1) Student must satisfy all course requirements in order to graduate.
- 2) Student must successfully complete three (3) sequential career technical courses in a career pathway (Agriscience, Family and Consumer Sciences, or Business Marketing) or two (2) years at Marshall Technical School in the same program/shop.
- 3) Students who qualify for the Career Technical Award by attending Marshall Technical School and satisfy all Honor Graduate requirements, with the exception of the foreign language requirement , will be considered an Honor Graduate. These students may also qualify for the Top Ten Percent Award.

Fine Arts Award:

- 1) Student must satisfy all course requirements in order to graduate.
- 2) Student must successfully complete 3 fine art courses in the same area (Art, Band, Choral, Drama, or Theatre). All of these fine arts courses may not be offered in all high schools.
- 3) Students who qualify for the Fine Arts Award and satisfy all Honor Graduate requirements will qualify for the Fine Arts with Academic Honors Award. These students may also qualify for the Top Ten Percent Award.

Summer School Credit

Credit from an approved school program will count toward graduation provided:

- The principal at a student's home school approves in advance enrollment of the student in a summer school program and the particular courses which the student is to take.
- The student successfully completes the course.

In no case will a student in the Marshall County School System be required to attend summer school to earn the credits required for graduation. Students who fail courses at the home school will be permitted to repeat such courses or take credit recovery at the earliest possible time.

Correspondence Courses

Credit from an accredited school offering high school level correspondence courses will count toward graduation provided [Ala. Administrative Code 290-3-1.02(11)]

- The principal at a student's home school approves the student's enrollment in the particular course to be taken.
- A student is limited to only one unit per school year and a total of two units through correspondence study.
- The principal and the superintendent must give written permission prior to the beginning of correspondence work.
- Elective correspondence courses which receive a pass/fail grade will be recorded on the transcript as such, but will not be used to determine rank in class.

Special Commendation

Students may be given Special Commendation for their individual accomplishments and for their participation in a particular curriculum, club or activity. Some examples are as follows: (1) Outstanding Student Awards for all Academic Areas: Career Technical, Social Studies, Science, English, Math, Art, Music, etc. (2) Membership in Math Club, Science Club, Vocational Club, Paper Staff, Annual Staff, etc. (3) Completion of College Preparatory Curriculum, Career Technical Curriculum, Music Curriculum, etc. Students may be given certificates, trophies and/or cords to be worn at graduation and seals on their permanent records. The appropriate time to make the commendations is at the school's annual awards program. Students may be permitted to wear cords they receive for these special commendations during the graduation exercises.

Graduation Exercises

Starting with students who entered the ninth grade in 2009 (the graduation class of 2013) students must pass all Carnegie Unit credit requirements as required for an Alabama High School Diploma or the Graduation Certificate (as per IDEA) in order to participate in graduation exercises.

Graduation Requirements

Beginning with students entering the Ninth Grade (9th) Grade in 2013-14

In order to earn an Alabama High School Diploma, students who enter the ninth (9th) grade in 2013-14 must pass the following:

SUBJECT	REQUIREMENTS	CREDITS
English Language Arts	English 9, 10, 11, and 12 or any CTE/AP/IB equivalent courses.	4
Mathematics	Algebra I, Geometry, and Algebra II/Trig or Algebra II, or their equivalent. Additional course(s) to complete four credits in mathematics must be chosen from the <i>Alabama Course of Study: Mathematics</i> or CTE/AP/IB equivalent courses	4
Science	Biology and a physical science. The third and fourth science credits may be used to meet both the science and the CTE course requirement and must be chosen from the <i>Alabama Course of Study: Science</i> or CTE/AP/IB equivalent courses.	4
Social Studies	World History, US History x2, and Government/Economics or AP/IB equivalent courses	4
Physical Education	LIFE (Personal Fitness) One JROTC may be used to meet this requirement.	1
Health Education	<i>Alabama Course of Study: Health Education</i>	0.5
Career Preparedness	Career Preparedness Course (to include topic of Career and Academic Planning, Computer Applications, Financial Literacy) or Career Preparedness A and Career Preparedness B	1 0.5+0.5
CTE and/or World Language and/or Arts Education	Students choosing CTE, Arts education, and/or Foreign language are encouraged to complete two courses in sequence.	3
Electives	State Requirement	2.5
	Total Credits Required for Graduation	24

This **one approach to the Alabama High School Diploma**, approved by the Alabama State Department in 2013, removes the need for endorsements or the Alabama Occupational Diploma. The focus will be on the coursework taken that necessitates a clearly articulated and individualized four-year-high school plan built for each student based on the standardized test

results academic and career interest assessment and middle school coursework. A student may be eligible to earn up to 2 credits for courses in grade 8 if offerings are available.

III. Career Technical Education (CTE)

Student Handbook Section for Marshall Technical School

Philosophy of Career Technical Education

Career/Technical Education (CTE) is a blend of academic, occupational, and leadership skills leading to college and employment. The CTE instructional program is based upon the State Board of Education approved course of study that provides minimum content standards for instruction in current or emerging employment sectors and preparation for further education and life experiences.

Purpose

College preparation and employment are basic purposes of career/technical education. CTE prepares students for optimum quality of individual and family life and to be more competitive in the world of work. The average salary of a CTE program completer is between twelve and seventeen dollars per hour.

Organization and Management

CTE is managed according to state and local strategic plans that establish the vision, mission, core values, and goals for the program.

1. Vision: CTE is a vital, progressive, and rigorous part of the total education system that provides students with life skills and prepares them as a work- force in which business and industry are confident.
2. Mission: CTE provides resources and services that ensure student success in college and work.
3. Core Values:
 - Integrity First
 - Striving for Excellence Always Professional Loyalty in Service
 - Success Through Teamwork
4. Goals:
 - Promote the positive image of CTE.
 - Prepare students for college and the workforce.
 - Maintain effective partnerships to promote development of Alabama’s workforce.
5. Accountability:
 - All CTE programs complete a rigorous business and industry certification process

- (BIC).
- CTE is one of the nine areas of the Alabama Comprehensive Monitoring compliance review process.
 - All Career/Tech Ed. Teachers are required to hold a State of Alabama Career/Technical Teaching Certificate.

Student Enrollment

Due to safety issues, each shop area will be held to a maximum number of students enrolled, with the number varying in each program. Enrollment acceptance will be based on grade level status, acceptable discipline, and acceptable attendance records during the most recent school year. Students not receiving their first or second career technical program choice may be put on a waiting list.

Safety is the top priority. Students must pass the program safety exam at 100% proficiency before students are allowed to participate in laboratory experience, and may be removed from the program immediately for safety violations.

Alabama Simulated Workplace **NEW to CTE starting with school year (2016/2017)**

Structures & Procedures

The overall structure of the Simulated Workplace initiative will be governed by a set of protocols to assure consistency and quality in the local implementation of the concept. These protocols include the following requirements.

CTE programs will:

1. Utilize time clocks or some other form of formal attendance recording process;
2. Adhere to the school system Drug Testing Policy;
3. Conduct an application / interview process for enrolling students;
4. Develop a company name and procedures/protocol manual;
5. Ensure all students receive quality safety training;
6. Submit Quarterly and Annual reports developed by students and instructors;
7. Establish work teams and an organizational system with students rotating across teams;
8. Ensure all instructors and students have computer access; *Institutional Education sites – Ensure at least all instructors have computer access
9. Participate in Business and Industry yearly onsite evaluations;
10. Utilize a portfolio system for students to document learning, credentials earned, projects

completed, etc.; and

11. Celebrate end of the year accomplishments.

Marshall Technical School (MTS) Established 1968

Marshall Technical School is located on highway 431, between Guntersville and Albertville. Students in grades 10-12 from Asbury High School, Brindlee Mountain High School, DAR High School, Douglas High School, Boaz High School, and Guntersville High School attend Marshall Technical School. Students in attendance have chosen to complete a portion of their elective courses and may earn up to 2-3 credits per year.

Career Technical instruction may include any of the following:

1. Classroom instruction
2. Shop/lab projects
3. Guidance and counseling for employment and/or college
4. Student organization activities (SkillsUSA, FFA, JROTC, HOSA)

Mission: To provide resources and services that enable students' success in college and the world of work.

Scholarships are available for MTS graduates.

- Students who participate in athletics are able to attend.
- Students who are completing any diploma option may attend.
- Online classes available to accommodate schedule conflicts.
- Technical dual enrollment is also available in Medical Prep, and Cybersecurity programs.

(All programs are business and industry certified and participates in local, state and national competitions)

Programs

Service Programs:

1. Building Construction - (Blueprints, estimating materials, structural foundations, carpentry, electrical, masonry, roofing, and plumbing) The Building Construction program provides a broad education towards employment opportunities in the construction field. The program curriculum is based on NCCER standards and is designed to provide students with specialized classroom and practical work experiences in the building construction field.
2. Cosmetology - (Chemicals, Colorimetry, Salon Management, Nail Care, Board

Requirements) Students 16 years of age and older complete approximately 300 hours of class instruction and demonstrations with manikins before hands-on work with clients at MTS Salon. Students will complete the majority of hours required, before taking the required cosmetology state board exam for license.

3. JROTC - Junior Reserve Officer Training Corps (JROTC) is a program that teaches students character education, student achievement, wellness, leadership, and diversity. It is a cooperative effort between the military and Marshall Technical School to produce successful students and citizens, while fostering a more constructive and disciplined learning environment. JROTC provides course work on leadership, civics, geography and global awareness, health, and wellness, language arts, life skills, and U.S. history. The curriculum is based on the principles of performance-based, learner-centered education and promotes development of core abilities: capacity for life-long learning, communication, responsibility for actions and choices, good citizenship, respectful treatment of others, and critical thinking techniques. Students who successfully complete the JROTC program may also satisfy the LIFE PE graduation requirement.
4. Medical Prep - (Medical language, Human Structure, Growth & Development, Communication, Monitoring Patients, Ethics, Legalities, Internship) Medical Prep prepares students to successfully enter a career in healthcare. Students participate in simulated healthcare activities in classroom and laboratory assignments. As students progress through the program, they are given community-based clinical assignments that provide observation and experiences in various healthcare specialty areas. Clinical experience can also be provided through internships to allow more in-depth learning. Students who complete two (2) years receive the required 1/2 credit in Health.
5. Public Safety - Marshall Technical School Public Safety program encompasses training in law enforcement, fire science, and emergency medical card. Students will also have the opportunity to gain certification in the areas of CPR and First Responder. Students who are interested in the following career areas should consider attending this program:
 - Local law enforcement (city police officers and county deputy sheriffs)
 - State law enforcement (state troopers, marine police, game and fish, revenue department, alcoholic beverage control, etc.)
 - Fire fighter
 - Emergency medical technician/paramedic
6. Mechatronics/Robotics:
 - Robotics/Industrial Technology - (Programmable Logic Controls, AC/DC controls, Basic/Industrial Wiring) The curriculum provides practical orientation for pre-engineering students. Areas of study include: drafting, hydraulics, pipe fitting, electrical, electronics, HVAC, programmable logic controllers (robotics), variable frequency drives, and computers.
7. Welding Technology - (Metal Arc, Flux Core Arc, Gas Tungsten Arc Welding, Fillet Welds) This program covers all types of welding: rod or stick, wire, mig-tig-oxy/acetylene cutting and heliarc (aluminum). Hand tools are used for grinding, shaping and finishing. Drills and fabrication equipment are also used. Students in the advanced Welding class may cover topics such as shielded metal arc welding, brazing, cutting operations, blueprint reading, oxyacetylene operations, plasma arc, air carbon arc, gas tungsten arc,

welding inspections and mathematics principles.

8. Transportation and Distribution :

- Automotive Service - Brakes, engine overhaul, engine performance, automatic/manual transmissions and drive-train, electrical, steering and suspension, A/C and heat) Students acquire the technical background necessary to diagnose, overhaul, and repair automotive systems and their components. This program gives students a proper foundation for automotive service and engine repair. Students learn the basic principles pertaining to safely repairing an automobile. Students enrolled in the program have an opportunity to work toward ASE certification.
- Collision Repair Technology - (Painting, Refinishing, Metal Welding & Cutting, and Structural Analysis) This program is also NATEF certified. It provides an introduction to current and emerging technologies enabling students to understand the basic principles of automotive finishes. Students have hands-on activities in basic and advanced panel repair, metal strengthening, trim, plastic repair, use of grinders, pulling devices, welding equipment, spray equipment, structural analysis and damage repair, electrical systems, estimating, and application of scientific principles.

9. CyberSecurity Course Descriptions

- Introduction to Networking Communications (CIS 161) - This course is designed to introduce students to basic concepts of computer networks. Emphasis is placed on terminology and technology involved in implementing selected networked systems. The course covers various network models, topologies, communications protocols, transmission media, networking hardware and software, and network troubleshooting. Students gain hands-on experience in basic networking. This course further helps prepare students for certification.
- Network Security (CIS 280) - This course provides a study of threats to network security and methods of securing a computer network from such threats. Topics included in this course are security risks, intrusion detection, and methods of securing authentication, network access, remote access, Web access, and wired and wireless network communications. Upon completion students will be able to identify security risks and describe appropriate countermeasures.
- Security Analysis (CIS 214) - This course introduces students to the concept of security analysis, or penetration testing, of information systems. Students will evaluate the security of a computer system or network, assessing security risks from the position of a potential attacker. Emphasis is on identifying security flaws and providing technical solutions.
- Ethical Hacking (CIS 246) - This course emphasizes scanning, testing, and securing computer systems. The lab-intensive environment provides opportunities to understand how perimeter defenses work and how hackers are able to compromise

information systems. With awareness of hacking strategies, students learn to counteract those attempts in an ethical manner.

Individual brochures are available for all the above courses. See your high school counselor or the Career/Tech Director at Marshall Technical School.

Marshall Technical CDL Truck Driver Training

- Refund: For Veterans receiving GI Bill Education Benefits, tuition refunds will be calculated on a daily prorated basis.
- Attendance Policy: For Veterans receiving GI Bill Education Benefits, an 85% attendance rate will be required.
- W.I.A. (Workforce Investment Act) Funding: Tuition may be paid through W.I.A. funding for applicants who meet the qualifications.

Admissions

Students must have completed all requirements for the ninth grade and be classified as a tenth grade student. Students who are interested in attending MTS should notify their counselor when schedules are being made.

Due to the nature of the instructional program at MTS, discipline and behavior records must be taken into consideration before admission to MTS.

Students must pass a safety exam at 100% accuracy for the program of enrollment. All students are required to have a minimum of school day health insurance and full-time (24 hour) health insurance coverage when participating in student organization, Cooperative Education program activities, and clinicals.

Tuition, Books, Materials, and Tools

School supply cost for high school students will be \$45.00 per year. Certain courses may require books and/or tools which the student must furnish. All supply fees should be paid to the feeder school at registration. Some programs require additional fees that can be paid by the student or earned through fund-raising projects during the school year. These fees vary and will be paid to the MTS instructor prior to the end of the first grading period of each semester.

Academic Standards

Students must satisfactorily complete the minimum task requirements and four semesters to be considered a program completer and to receive a completion certificate. Students may complete additional semesters for advanced training. Credits apply toward a high school

diploma.

Academic standards are embedded in all career/tech programs. The required half-credit of Health may be earned through embedded credit in the Medical Prep program.

Rules and Regulations

In addition to Marshall County Board of Education Policies, the following policies apply to all students attending MTS:

Attendance

Students are expected to attend all sessions of the course in which they are enrolled. Excessive absences impose a double penalty because of the extended length of class periods and the difficulty of make-up assignments in shop work experiences. After a student has been absent, he/she should bring the home- school absentee slip to the MTS office upon returning.

Career Technical Lab Clothing

Due to safety factors in a career/tech setting, certain types of clothing will be required of students. Each instructor will explain the clothing requirement for their training area

Projects and Live Work

Projects and live work will be conducted when, in the opinion of the instructor, the training program requires such projects for students to acquire skills. Live work must be approved by the C/T Director, the instructor, and parents of student before work begins. The owner is responsible for all parts/supplies for the project plus 20%. If the parts/supplies are provided by the owner, a receipt must be provided or the instructor must get a quote from a business. If no parts are involved, a minimum service charge will be applied based on cost of materials. All work is completed by students and supervised by the Instructor.

Transportation/Driving Policy

Home (feeder) schools shall provide bus transportation to and from Marshall Technical School (MTS) for both morning and afternoon sessions. Upon arrival at MTS, students will go directly to class. Discipline problems occurring during bus transportation from homeschool to MTS will be handled by MTS staff. Discipline problems occurring during bus transportation from MTS to the home school will be handled by the home school staff. Unsafe practices on the bus may result in school suspension or bus suspension. A student who misses the bus at their high school must get approval from the high school principal or designee before driving to MTS. Students who

drive on a regular basis must have a completed driving packet on file. Driving to MTS is a privilege, not a right. Driving/riding privileges may be coordinated between the MTS Director and the home school Principal.

Student driving privileges may be approved based on the following:

- No bus transportation from home school.
- Conflicts with scheduling. (Advanced classes; athletic events; band; credits; etc.)
- Employment opportunities.

Any behavior deemed inappropriate by the administration will result in a loss of driving privileges. Students attending the morning session will drive directly to their respective home schools. Students attending the afternoon session will end their day at MTS.

No motorcycles or other two or three wheeled vehicles may be driven to MTS. Students suspended from riding a bus at the “home” school will not be permitted to ride the tech school bus from the “home” school to MTS during the bus suspension.

Vehicle Registration and Parking

1. Privileges are granted only when the packet has been completed with all required signatures and submitted to the MTS office. Required signatures: parent/guardian; student; high school principal; and Career Tech Director.
2. A copy of the home school parking decal will serve as proof of insurance and substance abuse forms.
3. Upon completion of the packet, the student may purchase a parking permit. The permit will be displayed in the front window or dash of vehicle while on the campus.
4. Any student who is to be a passenger in a vehicle must have a rider’s pass. Riding privileges will be approved by the Career Tech Director. Permission forms will require approval signatures of the rider’s parent/guardian and the driver’s parent/guardian, both students, the high school principal, and the Career Tech Director.
5. Students must park in the assigned parking area unless the vehicle is to be used in the instructional program that day.

IV. Athletic and Extracurricular Activities

Athletic Programs

In accordance with approved State Board of Education policy, the Marshall County Board of Education shall set the following standards and policies regulating athletics:

1. Each student shall not participate in more than one interscholastic athletic contest per week on a night preceding a school day, except for multi-team tournaments or meets and/or in case of emergency that necessitates postponement for an event to the next available date. Middle School basketball games may be played on Monday and Thursday.
2. Some spring sports such as golf and tennis must utilize country clubs and privately owned facilities, and must be played on a day preceding a school day. Each student should not participate in more than two regularly scheduled contests per week.
3. No state championship meet or tournament shall utilize more than two school days. Regular season tournaments should be limited to one per sport, unless scheduled during a school holiday period.
4. When regular season contests are scheduled on an evening preceding a school day, the contest must be scheduled to end before 10:00 p.m.
5. All schools in the same class shall be required to participate against each other in five (5) mile radius increments, except those schools that are in the same system or metropolitan area, until each school's schedule is complete for that sport.
6. Middle school competition shall be limited. All state level competition beyond the county or school system shall be eliminated. (This is not intended to prohibit intersystem play.)
7. Athletics below grade seven (7) is limited to intramurals only.
8. Spring training for varsity football shall be limited to fifteen (15) out of a thirty (30) day calendar period. Each school shall participate in not more than one jamboree or controlled scrimmage as allowed by the Alabama High School Athletic Association (AHSAA).
9. Students participating in junior or high school athletic or competitive academic activities must pay the \$15.00 drug testing fee as required by the Marshall County Board of Education prior to participation.

It shall be the policy of the Marshall County Board of Education that locally scheduled athletic events or contests shall be prohibited during the hours of the instructional day. It shall be the direct responsibility of the local school principal to insure the implementation of this policy.

Athletic Periods

1. There will not be a period during the school day between the hours of 7.30 a.m. and 2:45 p.m. during which athletic practice can be conducted by coaches or participated in by athletes.
2. Athletes may be scheduled into physical education classes during any class period one (1) through seven (7) for credit in physical education. However, there will not be a period of the day set aside for only athletes to take physical education.
3. During the time athletes are scheduled into physical education classes, the physical education classes will not be used as a scrimmage time for athletes.
4. While participating in physical education classes, athletes may be assigned by the physical education teacher to activities such as weight training, running, conditioning, etc. which may be beneficial to them in preparation for after school athletic practice.
5. The extensive assignment of coaches to the gym or field house for last period physical education by giving all coaches last period preparation time is prohibited.
6. Academic classes will be scheduled throughout the school day including 7th period. Schedules will be monitored closely to insure ensure that the morning hours are not loaded up disproportionately with academics so that the schedule after lunch can be used extensively for study halls and preparation periods. Schedules are not to be structured so as to favor or give preference to any extracurricular activity or athletes during any period of the day.
7. A limit will be placed on the number of coaches that can be assigned to the gym or field house during each period of the day. The number assigned for any given period will be the number needed to properly supervise physical education classes. Only individuals certified in physical education can be assigned to teach physical education.
8. These rules apply not only during the time of the athletic season, but also during the period of Spring Training.
9. The reason for these rules is to safeguard instructional time and preserve the academic purpose of the schools. They are not intended to be anti-athletic. Academics and athletics can coexist and compliment each other. However, athletics will not be permitted to infringe on instructional time or dictate how classes in the master schedule are arranged or the time they are taught.
10. Supplements are paid for extracurricular activities to be conducted outside of regular school hours. A supplement is not for the purpose of paying someone to coach, for example, during the same hours they are already being paid for teaching responsibilities.
11. Anyone who attempts to disregard or circumvent this policy and its rules will be considered insubordinate in their actions.
12. Students attending Career/Technical classes at local schools or at Marshall Technical School **WILL BE ALLOWED AND ENCOURAGED** to participate in extracurricular competitive activities, including but not limited to athletics, band, choir, and academic and career/technical competitions. No teacher, administrator, counselor, or coach may discourage this participation.

Unity and Cooperation in Athletic Programs

The Marshall County Board of Education approves of and provides for a variety of athletic and other extracurricular programs for girls and boys, including, but not limited to, the following: Football, basketball, tennis, track, volleyball, basketball, baseball, softball, golf, cross country, cheerleading, choir and band. It is the desire and the intent of the Board that there exist among and between all such activities a spirit of cooperation, harmony and mutual respect. All of these activities are for the enjoyment and benefit of the students.

Students often choose to participate in more than one sport or activity. It is the desire of the Board that students be permitted to participate in as many of them as they choose commensurate with their abilities and available time.

Booster Clubs

Booster organizations are requested to support students as they strive for participation in a variety of sports and activities. A diversified program that will serve the needs and desires of all student athletes is most desirable.

Each separate booster organization should respect the rights of other booster organizations and work for harmony and goodwill for the total athletic program at the school.

All funds raised by booster clubs and similar organizations must be carried on the financial books of the school and deposited in the school's bank account. The principal must co-sign with the appropriate booster club officer all checks drawn on booster club accounts.

One sport or activity, coach, sponsor or booster organization does not have to be successful at the expense or detriment of another.

Scheduling of Basketball Games

1. Minutes between games will be kept to a maximum of 10 minutes.
2. The number of minutes taken at half time will not exceed 10 minutes.
3. All visiting teams will be requested to always be on time.
4. Officials will be requested to always be on time for games.
5. When junior high school games are scheduled for four (4) games a night, the first and second games will have six (6) minute quarters. This includes both home and away games.

6. A maximum of four (4) games is all that will be permitted on any night for either junior high or high school games (unless two gymnasiums are used). This includes both home and away games.
7. When there are four (4) games on a night, the first game must begin no later than 4:00 p.m. This includes home and away games.
8. The buses will not stop on school nights at restaurants for players to eat if the game runs late or if the distance home is great. A judgement is involved on the part of coaches to decide when it is too late or if the distance is too far. There are times when the cause of students getting home late is restaurants that will only open up one cash register or two when they have four. If advance notice is given to the manager that the only way the bus will stop is if they have all registers open, they will have sufficient staff. In some cases orders can be turned in ahead of time with meals to be picked up and eaten on the bus.
9. Game officials will be encouraged to please assist in any way possible to help prevent the unnecessary delay of games.

Scheduling of Spring Sports

1. Home ball games, matches, meets, etc. should not be scheduled to begin prior to 3:30 p.m.
2. Teams leaving for away trips may leave no earlier than 2:45 p.m. unless and only when the distance traveled justifies early departure. Departure time is at the discretion of the principal.
3. Schools are strongly discouraged from participating in invitational meets, matches, and games that are held during school hours. However, matches held during school hours must have prior approval of the school system athletic director.
4. The county baseball tournament will be a single elimination tournament and only two games will be played (4:00 and 7:00 p.m.) on any single day/night. A Saturday may be used if necessary. It is recommended that the tournament be held during Spring Break to avoid a conflict with Spring Training football practice.
5. If practical, the county tennis tournament shall not be held during school hours. If school time must be used, no matches should begin before 12:00 noon. In no case will more than two days be permitted when matches may begin before 3:00 p.m. It is suggested that Saturday matches be scheduled as needed. Matches may not begin after 9:00 p.m.
6. The county track meet may not start prior to 1:00 p.m.
7. Due to the availability of a golf course, the county golf tournament may be held during school hours, but may not start before 12:00 noon. A golf team may participate in one school day tournament other than county, regional, or state.
8. The county softball tournament may not begin prior to 1:00.
9. Teams may participate in Sectional and State contests whenever they are scheduled by the AHSAA.
10. Students missing class for a necessary athletic trip will not be counted absent and will be allowed to make up work. Athletes will get assignments prior to leaving and should be prepared for tests, class assignments, etc. on the following day.
11. Spring football practice may begin after school hours only. Teams may use seventh period physical education class to dress, tape, have "skull sessions", warm up or work on specialty drills; however, no scrimmaging may take place during school hours.

Note: exceptions to the above regulations must be requested in writing by the principal and approved in advance by the superintendent and/or county athletic director.

Practice Restrictions

No athletic teams or other extracurricular practices will be conducted on Sunday or after 6:00 p.m. on Wednesday. Any exception must be requested by the principal and approved by the Superintendent and/or County Athletic Director.

Practice Notifications

Coaches shall be expected to set practice schedules and to notify students and parents in writing of the schedule so that transportation to and from practice can be arranged by athletes and their families.

Title IX Complaints

If you believe that you have been discriminated against on the basis of sex, you may make a claim that your rights have been denied. This claim or grievance may be filed with the Title IX Coordinator for the Marshall County School System. You will be asked to detail in writing the actions, policies or practices which you believe are discriminatory. You may obtain help from the Title IX Coordinator, 12380 U.S. Highway 431 South, Guntersville, Alabama 35976, Phone: 256-582-3171, or anyone you believe is knowledgeable. Once you have filed your grievance, you will be asked to meet those persons who would be involved in correcting the policies, practices or programs that you believe are discriminatory. When there is an agreement that you were discriminated against, corrective action will be taken to restore your rights. If there is no agreement, you may appeal the grievance to a person with higher authority.

You may also file a complaint of illegal discrimination with the Office for Civil Rights, Atlanta, Georgia, at the same time you file the grievance, during or after the use of the grievance process or without using the grievance process at all.

If you file your Title IX complaint with the Office for Civil Rights, you must file it in writing no later than 180 days after the occurrence of the possible discrimination.

In preparing your grievance, you should give thought to the following:

1. The exact nature of the grievance, how you believe you may have been discriminated against and any persons you believe may be responsible.
2. The date, time and place of the grievance.
3. The names of witnesses or persons who have knowledge about the grievance.
4. Any available written documentation or evidence that is relevant to the grievance.
5. The actions that could be taken to correct the grievance.

If you wish to discuss your rights under Title IX, to obtain a copy of the full Title IX Grievance Procedures or to obtain help in filing a grievance, contact the Title IX Coordinator.

Extracurricular Activity- Academics First

All students in grades 8–9 participating in any extracurricular activity must have passed a minimum of five units of work and have a 70 overall average for the previous year. First time seventh graders are automatically eligible.

Beginning with the 1999–2000 school year, students in grades 10–12 must pass six (6) units of coursework, including the four core subjects (English, math, science and social studies) with a 70 average in order to be eligible to participate in any extracurricular activity. This includes, but is not limited to athletics, cheerleading, band, choir, club conventions, parades, amusement park trips, competitions, trips by tour companies, performances at various meetings, etc.

Beginning with the 1999–2000 school year, eligibility will be determined before the start of each new school year. A student that is academically eligible at the beginning of the school year remains eligible for the remainder of that school year so far as grades are concerned. Students declared ineligible at the beginning of a school year may regain their eligibility at the end of the first semester by meeting the academic requirements listed above during the last two semesters in attendance and summer school, if applicable. The restored eligibility of any student must be determined no later than the fifth day of the second semester. Students should be in attendance at school on the day of any extracurricular activity in order to participate. Exceptions may be granted by the principal in cases of extreme hardship, such as the death of a family member, etc.

Cheerleader Selection

The Marshall County Board of Education sets forth that the purpose of cheerleaders is to call for and direct organized cheering by the fans in support of athletic teams representing a school. This is the primary purpose for which they are sanctioned by the Board of Education. Cheerleaders will not lead or participate in cheers that are deemed inappropriate by the school administration.

The Board of Education will permit, as long as it is conducted within reason, a cheerleader squad to compete against other cheerleader squads for additional recognition.

Cheerleading duties are to be such as will permit students to be cheerleaders and still be able to carry on their daily activities as any other students would normally do. Cheerleaders will be permitted to carry regular and normal academic course loads and to participate in any other extracurricular activities offered by the school. Cheerleaders are representatives of the student body as are members of athletic teams, student government association officers and other school clubs and organizations, and are expected to set good standards of conduct and

behavior. Character and behavior requirements should be consistent among all of those who in their capacity act as representatives of our student bodies.

Screening Process

Selection Process:

1. Cheerleaders will be selected following the completion of the basketball season. Selection of cheerleaders will not be in conflict with scheduled standardized testing dates.
2. Varsity, Junior Varsity and Junior High Cheerleader applicants must complete an application form. These forms will be available upon the completion of basketball season. The application process will end at 3:00 p.m. on the Friday before clinic begins.
3. Cheerleader applicants must have the following:
 - Current athletic physical exam
 - School or personal insurance
 - Registered and subject to drug screening as per Marshall County Board of Education Policy prior to the cheerleader clinic.
 - Enrolled with the AHSAA in order to be eligible for the state catastrophic insurance.
4. All cheerleader applicants must meet the academic requirements of the section 9 [AHSAA](#) handbook.
5. The parent will be required to sign an agreement form explaining all rules pertaining to the selection process, costs, and the standards required of cheerleaders.

Tryout Guidelines:

1. The tryout will be preceded by a clinic available to all candidates in which cheerleading skill instruction will be taught. The candidates will be evaluated by the cheer coaches throughout the clinic. The candidate must attend at least 50% of the clinic sessions offered.
2. Upon completion of the clinic, cheer coaches and/or a panel of judges secured by the cheer coaches will observe and rate the candidates during skill competition. The skills will be judged and the method of rating will be according to a score sheet.
3. Candidates trying out for the Varsity or Junior Varsity squad will be enrolled in grades 8-11 at the time of the pre-tryout clinic. Candidates trying out for the Junior High squad may be enrolled in grades 6-7.
4. Candidates that make the team will be posted on the high and/or middle school front door.

Board Approval:

1. All cheerleader coaches must be approved by the Marshall County Board of Education.
2. Prior to declaring intent for selection of cheerleaders participating as a competition squad, the principal and cheerleader coach must appear before the Marshall County Board of Education to discuss the safety of skills involved, the credentials of the coach and the training of the athletes.

Evaluation:

1. A panel of cheer coaches and/or a panel of judges secured by the cheer coaches will observe and rate the candidates during skill competition. The skills will be judged and the method of rating will be according to a score sheet.
2. The score sheet may include the following:

Cheer	Jumps
Chant	Gymnastics
Dance	Stunts
Spirit	Overall Appearance
Clinic Evaluation	Teacher Evaluation

Student Athletes and NCAA Clearinghouse Eligibility

Prospective NCAA student athletes must register with the NCAA Clearinghouse to ensure eligibility. Please visit <http://www.ncaa.org/student-athletes/future/eligibility-center> for all rules and regulations. Also, notify your high school coach, administrator, and counselor early in your high school career in order to take the appropriate course of action.

V. Legal Requirements for Parents and Students

Parental Notification of Civil Liabilities and Criminal Penalties: The following laws relate to civil liabilities and criminal penalties for violence or other misbehavior by students on school property or against school employees.

Safety/Threats

Weapons in Schools (Act 94-817): No person shall knowingly with intent to do bodily harm carry or possess a deadly weapon on the premises of a public school. Possession of a deadly weapon with the intent to do bodily harm on the premises of a public school or school bus is a Class C felony. (Note: The term “deadly weapon” means a firearm or anything manifestly designed, made or adapted for the purpose of inflicting death or serious physical injury, and such term includes, but is not limited to, a bazooka, hand grenade, missile or explosive or incendiary device; a pistol, rifle, or shotgun; or a switchblade knife, gravity knife, stiletto, sword or dagger; or any club, baton, billy, blackjack, bludgeon or metal knuckles).

Pistol Possession/Driver’s License (Act 94-820): Any person over the age of 14 who is convicted of the crime of possession of a pistol on the premises of a public school, or a public school bus, shall be denied issuance of a driver’s permit or license to operate a motor vehicle for 180 days from the date the person is eligible and applies for a permit or license. If a person over age 14 possesses a driver’s license on the date of conviction, the driver’s license will be suspended for 180 days.

School Bus Laws:

- Criminal Trespass on a school bus in the first degree (HB 105), The Charles “Chuck” Poland, Jr. Act.
- Alabama Code §13A-0-2: Obstructing governmental operations
- Alabama Code §13A-8-4: Criminal Trespass

False Bomb Threat (U.S. Code 18.444): Making a false bomb threat is a federal offense punishable with a penalty of up to (10) years in prison, \$250,000.00 fine, or both. This penalty also applies to juvenile offenders. The majority of juveniles are prosecuted under local and state laws, which increasingly provide severe penalties.

Assault on Education Employees (Act 96-533): Makes assault on education employees a second degree felony.

Teacher Assault (Act 94-794): A person commits the crime of assault in the second degree (Class C felony) if the person assaults with the intent to cause serious physical injury to a teacher or to an employee of a public educational institution during or as a result of the performance of his or her duty.

Laws Regarding Drugs

Drug Dealing (Act 94-783): A person who unlawfully sells, furnishes or gives a controlled substance to a minor may be liable for injury or damage or both suffered by a third person caused by or resulting from the use of the controlled substance by the minor if the sale, furnishing or giving of the controlled substance is the proximate cause of the injury or damage.

Drugs, Alcohol, Weapons, Physical Harm or Threatened Physical Harm (Act 94-784): The school principal shall notify appropriate law enforcement officials when a person violates local board of education policies concerning drugs, alcohol, weapons, physical harm to a person or threatened physical harm to a person. If any criminal charge is warranted, the principal is authorized to sign the appropriate warrant. If that person is a student, the local school system shall immediately suspend that person from attending regular classes and schedule a hearing within 5 school days.

If a person is found to have violated a local board of education policy concerning drugs, alcohol, weapons, physical harm to a person or threatened physical harm to a person, the person **may** not be readmitted to the public schools until criminal charges, if any, have been disposed of by appropriate authorities and the person is satisfied all other requirements imposed by the local board of education as a condition for readmission.

Minor in Possession of Tobacco/Tobacco Products (§ 28-11-13): Any person under the age of 19 years in possession of tobacco/tobacco products will be issued a citation under the jurisdiction of the district or municipal court and this violation will be administratively adjudicated by the district or municipal court. Based on the Supreme Court's Extended Schedule of Fines, found in Appendix B to Rule 20, Alabama Rules of Judicial Administration, the scheduled fine is \$25.00, but may go to \$50.00 per violation.

Laws Regarding Attendance

Attendance and Conduct (Act 94-782): Each parent/guardian or other person having control or custody of a child required to attend school who fails to require the child to enroll, to regularly attend school or to compel the child to properly conduct himself/herself as a pupil in accordance with the written policy on school behavior adopted by the local board of education shall be guilty of a misdemeanor (may be fined up to \$100 and may be sentenced to hard labor for up to 90 days).

Juvenile Delinquents' Attendance at Alternative Schools (Act 96-769): A juvenile who is found to be delinquent or tried as an adult in circuit court may be assigned to an alternative school program under certain conditions.

Dropouts (Act # 2009-564) Every child between the ages of six (6) and seven-teen (17) shall be required to attend school. Students over the age of 17 may not be withdrawn unless the parents attend an exit interview and give written consent.

Dropout/Driver's License (Act 94-820 which amended Act 93-368 as codified in §16-28-40, Ala. Code, 1975): The Department of Public Safety shall deny a driver's license or learner's permit to any person under 19 who is not enrolled or has not received a diploma or certificate of graduation. Exceptions are students who: are enrolled in a GED program, are enrolled in a secondary school, are participating in an approved job training program, are gainfully employed, are a parent of a minor or unborn child or are the sole source of transportation for the parent.

Prosecution of Parents (§ 12-15-13): A warrant for contributing or causing the delinquency of a minor may be filed against parents or guardians of students who are truant.

School Property

Vandalism (Act 94-819): The parents, guardian or other person having control of any minor under the age of 18 with whom the minor is living and who have custody of the minor shall be liable for the actual damages sustained to school property, plus the court cost, caused by intentional, willful or malicious act of the minor.

Defacing Public Property (Act 96-425): Holds parents responsible for the damage of school or other public property by their children.

Copying of Juvenile Records (Act 96-524): Juvenile court records may be copied by principals of a school under certain conditions to protect the safety and welfare of the school, its students or personnel.

Immunity From Prosecution for Paddling Students (Act 95-539): Teachers following local Board or Education policies on corporal punishment are immune from prosecution.

Student Enrollment/Residency Requirement

The Marshall County Board of Education has designated attendance areas for students living within Marshall County, excluding the corporate city limits of Albertville, Arab, Boaz and Guntersville. Attendance zones are determined by the school bus routes established for each school. Pupil transportation is provided in accordance with these established school zones.

The student enrollment requirements are as follows:

1. On August 16, 2007, the Marshall County Board of Education abolished the Open Enrollment Policy. In order to be considered for enrollment in the Marshall County School System, the student must live within the Marshall County School System attendance zones and provide the school with the following:
 - Immunization (Blue) Form
 - Birth Certificate
 - Transcript and/or Withdrawal Form from the school from which the student is

- transferring (must include current grades and attendance records);
 - Complete discipline record from the school from which the student is transferring.
 - Proof of Residency
 - Proof of Legal Custody.
2. Students moving into a Marshall County school zone with custodial parent(s) or legal guardian(s) will be eligible immediately for enrollment in the school serving that zone.
 3. A student may be enrolled in the Marshall County School System if living with a person who has a legally executed Power of Attorney for Parental Authority (Ala. Code 26-2A-7). This temporary delegation of parental power may be for a period of one(1) year and is intended to provide for the temporary care of a child when the parent is not accessible immediately for some extended period of time so as to reduce problems related to consent for emergency treatment and meeting the educational needs of the student. THIS POWER OF ATTORNEY IS NOT intended to permit an abrogation of the primary responsibilities of a parent/guardian or to circumvent attendance, residency or disciplinary matters. The principal is responsible for making this determination.
 4. If a feeder school and the receiving school both contain one or more of the same grades, students MUST complete all grades in the school established by their place of residence before enrolling in the receiving school.
 5. A student who elects to begin an academic year at a school other than the one which serves his/her attendance zone, may be refused admittance in his/her home school until the completion of the current academic semester.
 6. Students who move outside of the school zone may remain enrolled until the end of the semester in which he/she moves. The custodial parent or legal guardian MUST inform the school principal when they move out of the school attendance zone.
 7. Athletic eligibility will be determined by the rules established by the Alabama High School Athletic Association.
 8. The custodial parent(s) or legal guardian(s) and the student MUST sign that they have read and agree to abide by the Marshall County Student Handbook.
 9. For enrollment purposes, the following students shall be considered residents:
 - Students placed at the Marshall County Attention Home or other similar group facility within the Marshall County School System attendance zone;
 - Foster children living with a foster family within the Marshall County School System attendance zone;
 - Foreign exchange students living with a “host family” within the Marshall County School System attendance zone;
 - Students considered “homeless” under the McKinney-Vento Act of 2001;
 - Children of faculty and staff who work in the school.
 10. The PRINCIPAL MUST approve all students transferring into the school. It is the principal’s responsibility to determine if students who wish to enroll are residents of the school zone. He/she has the authority to require documents, such as legal custody agreements, lease agreements, utility bills, etc. and may make home visits in order to establish residency.

Admission Policy for Homeless, Migratory, and Limited English Proficient Students

Pursuant to the requirements of the Elementary and Secondary Education Act as amended by the No Child Left Behind Act of 2001 and the McKinney-Vento Homeless Education Act of 2001, all homeless, migratory and limited English proficient children must have equal access to the same free appropriate public education, including public preschool education, provided to other children and youth. This shall be the policy of the Marshall County School System. Such children will be provided the opportunity to meet the same challenging state content and state student performance standards to which all students are held without being stigmatized or isolated.

The enrollment of homeless, migrant and limited English proficient children and youth shall not be denied or delayed due to any of the following barriers:

- Lack of birth certificate
- Lack of school records or transcripts
- Lack of immunization or health records
- Lack of proof of residency
- Lack of transportation
- Guardianship or custody requirements

Notification of Rights Under FERPA

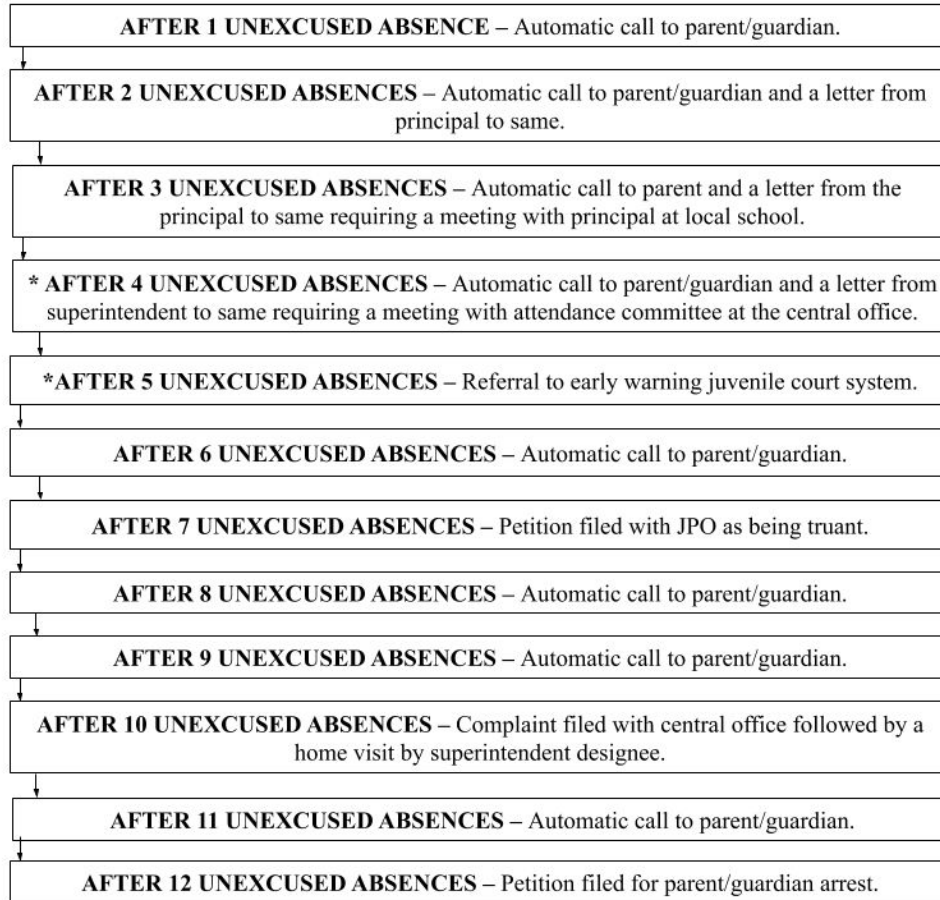

The Family Educational Rights and Privacy Act (FERPA) guarantees parents and students over the age of 18 with certain rights as outlined below:

1. Constitutionally Protected Prayer: The Marshall County Board of Education has no policy that prevents, or otherwise denies participation in constitutionally protected prayer. School principals have received written guidance which forbids government (school) sponsored religious activities, but protects those activities initiated by students during non-instructional time (breaks, lunch, etc.).
2. Protection of Pupil Rights Amendment (PPRA): The Marshall County Board of Education does not have any policy or practice which denies parents (or students over the age of 18) the right to:
 - Inspect and review their own educational records
 - Seek to amend educational records which are believed to be inaccurate;
 - Consent to the disclosure of personally identifiable information from educational records except as specified by law. Exceptions include:
 - To school officials with legitimate educational interests (administrator, counselor, health staff, law enforcement, school board members,

- supervisor, attorney, etc.)
 - Officials of another school district to which a student seeks to enroll **The marshall county board of education will forward records of transferring students upon request of the school district in which the student seeks or intends to enroll.**
3. Students and parents must also be given the rights to:
- **Consent before students are required to submit to a survey that concerns one or more of the following protected areas:**
 - Political affiliations or beliefs of the student or student’s parents
 - Mental or psychological problems of the student’s family;
 - Sex behavior or attitudes;
 - Illegal, antisocial, self-incriminating or demeaning behaviors;
 - Critical appraisals of others with whom respondents have close family relations.
 - Legally recognized privileged relationships (lawyers, doctors, ministers);
 - Religious practices, affiliations or beliefs of the student or parents; or
 - Income, other than as required by law to determine program eligibility.
 - **Notice and opportunity to opt a student out of:**
 - Any other protected information survey, regardless of funding;
 - Any nonemergency, invasive physical exam or screening, except for hearing, vision, scoliosis or other exam required under State law; and
 - Activities involving use of personal information for marketing.
 - **Inspect upon request and before administration or use of:**
 - Instruments used to collect data for marketing; and
 - Instructional materials used as part of the educational curriculum.

The Marshall County Board of Education is **required** to give military recruiters the same access to secondary school students as they provide to colleges, universities or prospective employers. This includes name, address and telephone number unless the student/parent has elected, in writing, to “opt-out” of this disclosure.

Attendance

Five unexcused tardies – Student and parent/guardian must attend mandatory meeting at central office with attendance committee.

Three parent notes per semester. Half-day parent notes count as one of these three parent notes per semester.

Two phone calls to check-out a student per semester. More than two phone calls to check out a student per semester, a parent or parent designee listed in iNow must physically enter the building and check the student out in person. This check-out can be done 30 days in advance.

Marshall County Board of Education
 Attendance Guidelines
 7.25.18

*** Only attend once during educational career. (For example, if you attended any prior year, you will not attend again but will move to the next truancy step. This is per child, not household.)**

Philosophy

The Marshall County Board of Education believes good student attendance enhances learning. When a student is not in school, he/she misses valuable instructional time. For this reason, the Board equates attendance with academic achievement, and establishes policies and procedures designed to encourage and require students to be in school.

Similarly, the instruction of other students is adversely impacted by the interruption of students arriving late or departing early. The Board views punctual arrival and readiness for instruction along with the presence for a full instructional day as an essential element of regular attendance. For these reasons, and to enhance the student's right to learn, the Board establishes policies and procedures to encourage and require students to be in school.

Compulsory Attendance for All Students

Any student enrolled in the Marshall County School System is required to be in school each day, regardless of the student's age. All students enrolled in the Marshall County School System are subject to the regulations of this policy.

Excused Absences

Parents/guardians must provide the school within three school days of each absence (or consecutive absences) a written explanation of the reason(s) for each absence. If such written explanation is not provided within this three school day period, the absence(s) will be coded unexcused.

Absences will be excused for the following reasons:

1. Personal illness with written note from parents but without a doctor's statement
2. Personal illness with a doctor's statement
3. Death in the immediate family
4. Weather preventing attendance
5. Legal requirements, such as subpoena or other required court appearance
6. Prior permission by the principal at the request of parent/guardian
7. Legal quarantine

Students are permitted to make up work, tests, and other assignments, activities, etc., when absent for excused reasons. It is expected that under normal circumstances students will make up work, tests, and other assignments, activities, etc.. upon the day of return (to school from an absence: however, in circumstances where students have extended absences, or when the

student needs additional time. he/she may be granted additional time at the discretion of the teacher, but in no circumstances will this make-up period extend beyond two weeks. It is the student/parent's responsibility to ensure a student makes up work when absent. It is the responsibility of the teacher to provide opportunities for the student to make up work. Teachers have the prerogative to alter assignments, tests, work, activities, etc. as he/she considers necessary to ensure an accurate evaluation of the student's performance after an absence.

Unexcused Absences

Any absence not classified as an excused absence will be coded unexcused. Any student having an unexcused absence will be considered truant as defined by the Alabama Administrative Code, Chapter 290-3-1-.02(7)(c). (See Section within this policy on Truancy.)

It is the parent's responsibility to see that their children attend school regularly and to provide evidence for an excused absence is necessary. A phone call to the school about an absence is not sufficient documentation. The State of Alabama requires a written note on file. Each note must contain the following:

1. Child's full name
2. Date to be excused
3. Reason for absence
4. Phone number to contact parent/guardian
5. Signature of Parent, doctor, or CRNP Procedures for parents submitting excuses:
 - Up to three (3) absences per semester may be excused by parent notes.
 - Any absence of more than three (3) days must have a doctor's note.
 - After three (3) parent-excused absence days in a semester, a doctor's note is required.
 - The excuse must be submitted within three (3) days (72 hours) after returning to school or the absence is unexcused.
 - When school officials do not know the reason for an absence, they must assume that it is unexcused.

Absences Due to School-Sponsored/Authorized Activities

Students who participate in school-sponsored or school-authorized activities and are thereby absent from school or class will not be counted as absent from school for this purpose. Students are expected to make up work missed while at these activities, and should be given the same opportunities as those afforded students with excused absences. Absences due to these activities should not be indicated on report cards or cumulative folders, but may be indicated in teacher grade books with proper coding to indicate the absence was due to such activities.

Students who attend but do not participate in school-sponsored or school-authorized activities will be counted as absent and such absence will be considered unexcused unless otherwise

excused by the principal.

Early Warning Truancy Prevention Program

The Board of Education considers absences caused by illness of the student, death in the student's immediate family, legal quarantine, weather, emergency at school or special permission of the Principal (or Superintendent) in advance with the request/consent of parents as excused absences. Only if an absence is classified excused will the student be permitted to make-up work missed during the absences, unless the absence was due to suspension or expulsion in which case the Principal (Superintendent) will make a decision as to the appropriateness of make-up work. Suspensions are unexcused absences. Alternative School and In-School Suspension are not considered as absences.

Step One in Truancy Prevention

When a student accumulates five (5) instances of truancy, a complaint will be filed by the Attendance Officer with the Juvenile Probation Officer. The student and his/her parents (guardian) will be required to participate in the Early Warning Truancy Prevention Program provided by the Juvenile Court. The Juvenile Court will schedule a conference for the student and his/her parents (guardian) and issue a "Notice to Appear". It is mandatory for them to appear for the conference. Three consecutive days absent for an unexcused reason will be judged to be three instances of truancy.

Step Two in Truancy Prevention

If a student accumulates seven (7) instances of truancy, a petition will be filed by the Attendance Officer against the student in Juvenile Court, identifying the student as a habitual truant (CHINS).

Step Three in Truancy Prevention

If a student accumulates ten (10) instances of truancy, a complaint will be filed and the truant officer will make a home visit.

Step Four in Truancy Prevention

If a student accumulates ten (10) instances of truancy, a complaint will be filed for the parents (guardian) to appear for a hearing at the Marshall County Central Office. If the child is under 12

years old, contributing to the delinquency of a minor charge will be filed on parent (s).
Step Five in Truancy Prevention

If a student accumulates twelve (12) instances of truancy, the truancy officer will file a petition for parent (guardian) arrest.

It is the responsibility of the homeroom teacher and the principal to report truanancies to the county attendance officer as specified above.

Checking of Attendance

Attendance will be checked by each teacher each period. If a student is absent from class and his/her name does not appear on the homeroom absentee list, his/her name will be reported to the office. Students are required to attend all scheduled classes. If a teacher gives permission for a student to study somewhere other than the regular meeting place, the teacher is responsible for supervision of such students. Skipping school or class is considered a serious violation of school rules and will be dealt with accordingly.

Tardy Students

Students who are tardy in arriving at school must sign the tardy roster in the office. Punishment for habitually tardy students will be at the discretion of the principal, including the use of morning or afternoon detention or loss of driving privileges. Work missed due to unexcused tardies may not be made up. The principal will determine if tardies are excused. Students are expected to report on time to all scheduled classes, group meetings and assemblies. Sufficient time will be allowed between classes. Students will not be permitted to leave class to go to the restroom except in emergencies. Students will be expected to get materials needed from their lockers between classes. No one will be permitted to go to his/her locker after the class begins.

Students who are tardy to class **will not** be sent to the office for a tardy pass but will be dealt with by the teacher whose class they are tardy. The teacher, in addition to recording each tardy, may (and should) provide punishment to meet the needs of the situation. After the fifth tardy to an individual class, (per term) the student will be referred to the principal to seek a solution to the problem. Three unexcused tardies will count as one unexcused absence.

Arrival/Pick-up of Students

School personnel are on campus for supervision of students from 7:15 a.m. to 3:00 p.m. Monday, Tuesday, Thursday, and Friday. Wednesday is early release day and students are dismissed at 2:00 p.m. Students should not arrive prior to 7:15 a.m. and should be picked-up prior to 3:00 p.m. unless involved in a supervised, school-sponsored activity. Upon arrival at school, students should report to his/her assigned area or to the school office.

Parents must make arrangements with the principal if circumstances dictate that their child must be delivered prior to 7:15 a.m. or left after 3:00 p.m. If parents have not made arrangements, school personnel will have the option of placing the child in the Extended-Day Program after school at the expense of the parents. (See Extended-Day Program as follows). Parents must adhere to the drop-off and pick-up procedures established by each school.

Extended Day Program

Purpose

The purpose of the Extended Day Program is to provide parents with a safe and enriching environment in which their school children may receive supervised care after school for a designated time. The program will provide quality care and enrichment to enhance the regular school curriculum

Extended Day Eligibility

The program is open for all students who are enrolled in Marshall County Schools, ages 5 (Kindergarten) through 13 (7th grade.)

Admission Requirements

Parents must complete and sign a registration form. Registration fee of \$25.00 plus the regular weekly fee is due on the first day of attendance.

Program Structure

The Extended Day Program is designed to meet the needs of working parents and their children who reside in Marshall County communities and attend those public schools. It provides a safe, enriching climate where children may remain for a limited time at the end of the regular school day until picked up by their parents or other designated adults. The Extended Day Program is designed to address the child's social, physical and intellectual needs. The program is structured but also allows children the freedom to choose and to participate in a variety of activities. The program will vary from school to school, according to the interest of the children and the talents of the staff. All programs will include homework time, snack time, recreational activities and enrichment activities. **Parents may be called to pick up students whose behavior is disruptive.**

Check-Out Procedures

Students are allowed two (2) check-outs per semester when parent permission is communicated to the school office. After the allowed two (2) check-outs, parents must approve

the check-outs in person. This face-to-face permission can be made prior to the day of the check-out if needed. Notes requesting permission to check out are not accepted. The principal will determine if an absence is excused or unexcused and whether or not work missed may be made up. Check-outs before 11:30 a.m. or check-ins/tardies after 11:30 a.m. will count as a daily absence.

Passes

When it becomes necessary for students to leave their assigned place, they must secure a pass from the teacher in charge.

Parents and Other School Visitors

Students from other schools will not be allowed to visit on this campus during the school day. Parents and other school visitors who come to school on business must first report to the Principal's Office.

Social Security Numbers

Each child enrolled in public schools, kindergarten through grade twelve, must have a social security number or assigned identification number.

Immunizations

Each student must have on file in the office an immunization form IMM-50 (Blue Form). This form can be acquired from two places, the Health Department or a doctor's office. Kindergarten and 6th grade students must also present Form IMM- 90 showing immunization for measles (Pink Form).

Transfer and Withdrawal Procedures

Students who are withdrawing from school or transferring to another school must turn in all books and clear through the office. Students who are transferring from one Marshall County School to another must present transfer slip and a blue immunization form. When a student transfers within the Marshall County System, days absent will be transferred.

School Safety and Discipline Accountability

The State Board of Education will utilize one or both of the following criteria to determine if intervention by the State Superintendent is necessary as required by Alabama Code 16-6B-5:

1. Failure of a school or school system to develop and implement the policies, rules, laws and regulations relative to school safety and discipline as published and disseminated annually by the State Superintendent.
2. Failure of a school or school system to respond to legitimate and documented school

safety and discipline concerns/incidents as determined by the State Superintendent after investigating the concerns/incidents. The State Superintendent will investigate the following requests/incidents to determine if assignment of SDE personnel to a school or school system for school safety and discipline assistance is warranted:

- A written request by official action of a local parent/professional/ community organization, (e.g., PTA/PTO; ACCESS; civic club) or by a majority of the employees of a school or school system to the State Superintendent with evidence that a request was first submitted to the school principal; secondly, the school system superintendent; and thirdly, the local board of education relative to specific school safety and discipline issues and no action was taken or action was inadequate as determined by the State Superintendent.
- A written request by official action of a school sanctioned student organization to the State Superintendent with evidence that a request was first submitted to the school principal; secondly, the school system superintendent; and thirdly, the local board of education relative to specific school safety and discipline issues and no action was taken or action was inadequate as determined by the State Superintendent.
- A written request by a local school principal with evidence that a request was first submitted to the local school superintendent and next, to the local board of education relative to specific school safety and discipline issues and no action was taken or action was inadequate as determined by the State Superintendent.
- An official request by a local superintendent of education.
- An official request by a majority vote of a local board of education.
- A person is killed or seriously injured at school or a school related activity as a result of a violent act.

Driving Policy

Students will be permitted to drive to school in accordance with the following regulations:

1. Students must have a valid Alabama Driver's License, and purchase a parking decal. Decals will cost \$5.00 for each vehicle registered to drive on campus. A charge of \$15.00 also will be made to pay for random drug testing. Schools may add an additional \$10.00 charge for a specific parking space.
2. Car must be parked in prescribed parking lot.
3. Students must leave the car secured (locked) until school is dismissed.
4. No one will be permitted in the car during the time it is parked.
5. Student must submit Student Driver's Registration Form signed by parent or legal guardian to the Principal's Office granting permission to drive. Blank forms may be obtained in the High School Office. At the time the signed registration is presented, student drivers must present proof of insurance which meets the state minimum requirements.
6. Observe due caution while traveling to and from school. Remember school buses are traveling the same roads. Interference with school bus traffic ON OR OFF campus will result in the loss of driving privileges as outlined in No. 12.

7. Students must have a written pass to go their car during school hours.
8. Students will not remain in cars after arriving on campus and are not to leave campus after having arrived.
9. Vulgar signs and abusive language will not be allowed on cars parked on school property. THE PRINCIPAL WILL MAKE THIS DECISION.
10. All motorcycles must be registered at the school office. Drivers must have an appropriate license and show proof of insurance.
11. Speeding or driving in a reckless or dangerous manner will result in the suspension of driving privileges. The speed limit on school grounds is 5 mph unless otherwise posted.
12. Excessive tardiness or absenteeism may result in the loss of driving privileges.
13. Students who drive a vehicle on campus must agree to random drug testing as specified by the Marshall County Board of Education.
14. No flags of any kind are allowed to be flown or to hang from vehicles

NOTE!!! Students who break these regulations will be disciplined according to the following standards:

- 1st Offense- Student will have driving privileges suspended for one week (5 school days).
- 2nd Offense- Student will be suspended from driving for 10 school days.
- 3rd Offense- Student will be suspended from driving for 20 school days.
- 4th Offense- Student will lose campus driving privileges indefinitely. Privilege may be restored after student and parent have appeared before the School Board to request restoration of driving privileges.

Bicycles and Motor Scooters

Students driving motor scooters or motorcycles to school must have a permit to park on the school premises, be 16 years old, and have a Driver's License with a Class M endorsement. These students are also included in the STUDENT DRIVING ... SUBSTANCE ABUSE POLICY.

Student Driving/Parking/Participating in Extracurricular Competitive Activity Privileges Substance Abuse Policy

It is the objective of the Marshall County Board of Education to assure that all students who wish to take advantage of the privilege of driving a vehicle on school property, parking a vehicle on school property, and/or participating in extracurricular competitive activities be given the opportunity to do so in a safe, drug-free environment, and that all students exercising the privilege of driving, parking on school property, or participating in extracurricular competitive activities be completely free of the effects of alcohol, and/or the presence of other illegal or controlled substances. In an effort to meet this objective, the Board reserves the right to require any student desiring to drive a vehicle on school property, park on school property, or

participate in extracurricular competitive activities be subject to and submit to random drug tests at any time while on school property, or participating in school sponsored events.

The Board will allow local principals to designate such other and additional requirements for the privilege of driving a vehicle on school property, parking a vehicle on school property, or participating in extracurricular competitive activities including, but not limited to, academic standards, attendance standards, and the payment of fees. The local school principals may also establish the priority for issuance of parking permits.

The Board also has the right to require the passing of a drug test as a condition to granting such privileges, the right to conduct random unannounced drug screening for students taking advantage of student driving, parking, and/or extracurricular competitive activity privileges as well as the right to conduct specific drug screening of students whenever a school official observes circumstances which provide reasonable suspicion or belief that the student has used alcohol, illegal drugs, or other substances that violate abuse policies.

The Superintendent shall prepare procedures for implementing this policy consistent with local, state and federal laws. All procedures prepared to effectuate this policy must be approved by the Marshall County Board of Education.

Important Notice: Students who drive, park and/or participate in extracurricular competitive activities or attend Marshall Technical School (Alabama Simulated Workplace) must pay the drug testing fee (\$15.00) prior to driving and/or participating in extracurricular competitive activities including the following: Athletics, Band, Choir, Cheerleading, Scholars Bowl, Math Team, Alabama Simulated Workplace, and Career Technical Competitions. Consequences for students who receive a positive drug test or who refuse to take the drug test will be as follows:

New

Violations/Consequences and Interventions

Drug/Substance Abuse Testing- Positive Test Results and/or Possession			
Violations/Consequences		Interventions	
First Violation	Student suspended from extra-curricular activities/competitions for 9 weeks.	First Violation	Parent and student must attend a conference with the school principal.
	Student suspended from parking on campus for 9 weeks.		Successfully complete substance abuse modules as determined by the MCBOE.
	Reinstatement requires a negative test and completion of required interventions.		Student must submit a negative drug test at 5 weeks and at 9 weeks at parent/guardian expense.
			Student and parent must meet with a Marshall County Juvenile Probation Officer.

			Student must agree to participate in all school-administered drug tests until graduation.
	**If a student does not want this option, the student will receive the same consequences/interventions as 2nd violation listed below.		Student must participate in behavioral counseling.
Second Violation	Student suspended from (May not participate in) extracurricular activities for 1 year (365 days).	Second Violation	Parent and student must attend a conference with the school principal.
	Student suspended from parking on campus for 1 year (365 days).		Successfully complete an approved drug prevention program at the parent/guardian expense.
	Reinstatement requires a negative test and completion of required interventions.		Additional drug testing at parent/guardian expense.
Third Violation	Student suspended permanently from (May not participate in) extracurricular activities.	Third Violation	Parent and student must attend a conference with the school principal.
	Student permanently suspended from parking on campus.		Successfully complete a more intensive approved drug prevention program at the parent/guardian expense.
	No reinstatement permitted.		More frequent drug testing at parent/guardian expense.

Vehicle Search

Any vehicle entering school property is subject to search by school authorities and law enforcement personnel. Such search may be conducted without warrant as authorized by state law and board policy.

The search of the vehicle includes all compartments and components thereof. Once the search begins, the person in control of the vehicle will not be permitted to remove it from the premises during the reasonable duration of the search. The school or Marshall County Board of Education will not be responsible for damages to the vehicle during the search.

The principal is authorized to sign a warrant if illegal substances or items are found during the search.

Statement of AHERA Compliance

All Marshall County School have been inspected by an EPA-approved asbestos inspector and maintain a management plan file in the school office as required under the AHERA regulations.

The file is available to any parent to view.

The majority of our asbestos material is non-friable and is in the form of floor tiles. Although we do have some friable (able to crumble with hand pressure) asbestos in our facilities, these materials are well maintained and are not accessible to the students. The law requires that we make this notice to all employees, students and staff annually.

We are glad to provide a healthy atmosphere for students and staff.

VI. Student Behavior

Dangerous Activities

Any student who has knowledge or suspicion that another student or person outside of the school is planning a dangerous activity (shooting, bombing, suicide, drug use, sale or distribution, etc.) MUST report this to a teacher, counselor, administrator or law enforcement officer. Failure to do so may result in disciplinary or legal action.

When threats of a dangerous activity are received at school, the principal will take all steps necessary to protect the welfare of the students. This may include the notification of appropriate law enforcement agencies, threatened staff members and/or students and their parents. **All threats of violence will be taken seriously!**

Each school has a School Safety Plan which includes specific plans for evacuation and other procedures necessary to protect students and staff. The principal and school staff are responsible for implementing the local School Safety Plan.

Video Surveillance

In order to provide and maintain a safe and secure environment for students, staff and authorized visitors, the Marshall County Board of Education may use surveillance equipment on properties owned and/or maintained by the school system. Properties include buildings and grounds as well as vehicles owned and/or operated by the Board. Training shall be provided for authorized persons in the use, maintenance and storage of equipment and tapes, and on applicable laws related to the use of surveillance equipment. Individual schools shall establish a system for maintenance and storage of equipment and tapes. Equipment and tapes shall be stored in secure places with access by authorized persons only. All school personnel, students and parents shall be informed that they are subject to being videotaped while in school buildings, on school grounds, at school events and on system-owned/maintained vehicles. Any information obtained through the use of surveillance equipment shall be used only for school disciplinary or law enforcement purposes.

Discipline

The teachers are here to help students learn. They expect cooperation from everyone. Most problems in the classroom center around people disrupting others. This school protects all

students' rights to an education, without interference.

Anyone guilty of disturbing will promptly be removed from class and appropriate action will be taken. Students will be punished when they break school rules or misbehave in a disruptive manner that hinders his/her learning or that the learning of other students. Parents are encouraged to check with school authorities periodically, especially if report cards indicate a Parent-Teacher conference is needed.

Student Discipline Committee

Students who violate Class III offenses may be referred to the Marshall County Discipline Committee for a student hearing. The student hearing attendees will include at a minimum, the school administration, the parent or guardian, the student, and the discipline committee. The discipline committee consists of five members- one superintendent's designee, two supervisors, one counselor, and one Marshall County Juvenile Probation Officer. The purpose of this committee is to serve as a level of discipline between the school and the board of education. Committee decisions may include, but are not limited to long-term alternative school placement, long-term bus suspension, and/or referral to the Marshall County Board of Education for an expulsion hearing.

Due Process

The Marshall County Board of Education recognizes that observance of applicable substantive due process entails two basic considerations: (1) any objective sought relative to student governance must be legally defensible, e.g., based upon a rational or compelling state interest; and (2) the means taken to accomplish such objectives must be within the constitutional limitations applicable to the "in loco parentis" position of school officials within the Marshall County School System. To assure compliance with these two substantive aspects, the Board has approved the following guidelines as applicable to all policies, rules and regulations:

1. Each local regulation shall be based on a Board policy.
2. All policies, rules and regulations at any level shall be consistent with local, county or city ordinances, statutes of the State of Alabama and/or administrative regulations of duly authorized agencies; e.g., State Board or State Department of Education; U.S. Department of Education.
3. Both the policies of the Board and the regulations designated by local school administrators shall be specific and precise.
4. No Board policies or local school codes of conduct shall deny any student his/her constitutional rights.
5. Discharge of administrative responsibilities and exercise of authority shall recognize applicable legal parameters placed upon the "in loco parentis" position of school officials.
6. Exercise of all authority by administrators, teachers or school officials shall be capable of

withstanding close judicial scrutiny relative to freedom from arbitrary, capricious, discriminatory or otherwise illegal practices.

Procedural due process within the Marshall County School System shall relate primarily to the area of discipline and disciplinary measures, e.g., corporal punishment, short-term suspension, long-term suspension and expulsion.

The degree of procedural due process afforded in each of the above situations shall be dependent upon: (1) the gravity of the offense a student is alleged to have committed; and (2) the severity of the contemplated penalty. Before being punished for violation of Board policies or school regulations, a student shall have the right of the following minimum due process procedures:

1. Notice: The student shall be given oral or written notice of the charges against him/her.
2. Explanation: The evidence against the student shall be explained to him/her.
3. Hearing: The student shall be given an opportunity to present his/her own version of the facts concerning the charges.

When a student is facing possible long-term suspension or expulsion, the Board shall afford the student the following:

1. The right to counsel,
2. The opportunity for cross-examination of witnesses,
3. A written record of the hearing (if requested in advance), and
4. A written notice of the decision.

Classification of Violations and Consequences

It is fundamental that an orderly school has clearly defined behaviors to which students must conform. Non-conformity to these behaviors becomes a violation of the Code of Student Conduct. Violations are grouped into three classes (Class I, Class II and Class III) which range from the least to the most serious. Appropriate school personnel shall investigate, verify and take the necessary action to resolve student misconduct. After determining a violation and the classification of the violation, the principal or designee should implement the appropriate consequence. Violations apply to student conduct on a school campus, at school-related events or while being transported to or from school or school-related events.

Following is a list of violations classified according to each one's seriousness. These lists are not intended to contain all violations of the Code of Conduct, or all the rules, regulations and procedures of a school, but are intended to be a guide to be used by parents, students and school officials to handle violations and resulting consequences. When violations occur in the school that are not found within any one classification, the principal of the school has the authority to classify it accordingly.

Class I Violations

- 1.1 Distraction of other student(s)
- 1.2 Intimidation of a student
- 1.5 Non-direct use of profane language or obscene manifestation (See 2.08)
- 1.6 Non-conformity to dress code
- 1.7 Disruption on a school bus
- 1.8 Inappropriate public display of affection
- 1.9 Unauthorized absence from class or school for part of a day
- 1.10 Refusal to complete class assignments
- 1.11 Failure to follow appropriate directives from a local board of education employee
- 1.12 Unauthorized use of school or personal property
- 1.13 Littering on school property
- 1.14 Any other violation which the principal may deem reasonable to fall within this category after investigation and consideration of extenuating circumstances.

Class I Consequences

- Conference with the student
- Verbal reprimand
- Withdrawal of privilege(s)
- Parent conference(s)
- Demerit(s)
- Temporary removal from class
- Detention
- In-school suspension
- Corporal punishment
- Change or modify clothing or appearance to conform to the dress code
- Use of "Sanding Boards" for certain appropriate violations
- Other consequence(s) as approved by the local board of education

Class II Violations

- 2.1 Refusal to follow appropriate directive from a local board of education employee.
- 2.2 Vandalism/property damage
- 2.3 Theft of property
- 2.4 Gambling
- 2.5 Possession of stolen property with the knowledge that it is stolen
- 2.6 Extortion
- 2.7 Trespassing
- 2.8 Direct use of profane language or obscene manifestation (verbal, written, gesture directed toward another person (See 1.05)
- 2.9 Repeated direct or non-direct use of profane language or obscene manifestations
- 2.10 Unauthorized absence from school for a day or more
- 2.11 Written or verbal proposition to engage in sexual acts
- 2.12 Touching of another person
- 2.13 Possession of and/or use of matches or lighters
- 2.14 Possession of and/or use of electronic pager or unauthorized communication device

- 2.15 Dishonesty or cheating
- 2.16 Providing false information to a local board of education employee
- 2.17 Gang association, communication, dress or activity
- 2.18 Unauthorized possession or use of over-the-counter drugs or imitation controlled substances
- 2.19 Possession of pornographic or sexually explicit materials
- 2.20 Unauthorized use of cell phone, pager, or other electronic communication device, etc.
- 2.21 Repeated Class I Violations
- 2.22 Any other violation which the principal may deem reasonable to fall within this category after investigation and consideration of extenuating circumstances

Class II Consequences

- Temporary removal from class
- Detention
- In-school suspension
- Alternative education program
- Out-of-school suspension
- Referral to an outside agency, including the criminal justice system.
- Expulsion
- Use of “Sanding Boards” for certain appropriate violations
- Any consequence(s) included in Class I and other consequences(s) as approved by the local board of education

Class III Violations

- 3.1 Arson
- 3.2 Robbery
- 3.3 Theft of property
- 3.4 Burglary of school property
- 3.5 Criminal mischief
- 3.6 Bomb threat
- 3.7 Sexual offense or Harassment
- 3.8 Fighting
- 3.9 Inciting or participating in major student disorder
- 3.10 Unjustified activation of fire alarm system or fire extinguisher
- 3.11 Assault of another person (student, teacher, staff member, visitor, etc.)
- 3.12 Possession of a weapon
- 3.13 Preparing, possessing, and/or igniting explosive device
- 3.14 Possession, sale and/or use of tobacco product
- 3.15 Unlawful sale, purchase, furnishing, giving, possession, or use of illegal drugs or drug paraphernalia or alcoholic beverage (Student will appear before the district disciplinary committee. In the case that the student is a senior, he or she will be excluded from all graduation ceremonies.)
- 3.16 Accessing or changing information in school computers to endanger or cause harm to another individual
- 3.17 Crimes as defined under the laws of the city, state of Alabama or United States

- 3.18 Distribution or display of pornographic or sexually explicit materials
- 3.19 Harassment or Bullying (may or may not be based on sex, race, disability, religion, age, national origin, etc.)
- 3.20 Threatening the life or bodily harm of students or school staff
- 3.21 Repeated Class II Violations
- 3.22 Any other offense which the principal may deem reasonable to fall within this category after investigation and consideration of extenuating circumstances

Class III Consequences

- Referral to Student Discipline Committee
- Out-of-school suspension
- Alternative education program
- Referral to an outside agency, including the criminal justice system
- Expulsion
- Restitution of property and damages where appropriate
- Any consequence(s) included in Classes I and II and other consequence(s) as approved by the local board of education

Guidelines for Student Behavior

A goal of the educational program is to encourage independence and responsibility which are characteristic of the mature person. Since an orderly atmosphere is essential if learning is to take place, these guidelines are for the personal welfare of the student as well as for the common good of the entire school.

1. A constant respect for persons, whether they be teachers, other students, staff, visitors or others, is a basic requirement of all individuals.
2. Respect for personal and communal property is a visible sign of this respect. Stealing is a violation of school rules and state law and will be dealt with accordingly.
3. Problems arise when students bring articles which are hazards to the safety of others. Items such as knives, cigarette lighters, water guns, mace or similar items are undesirable and will be impounded. Students face possible suspension for possession of such articles.
4. Students are warned against the use of and/or possession of alcoholic beverages or dangerous drugs as being unwise and illegal acts. Students caught with dangerous drugs or alcoholic beverages, or under the influence of either, whether or not the incident occurred at the home school or away at another school location where the home school is participating in extracurricular activity, will be subject to disciplinary action.
5. Cleanliness is everyone's concern. Waste receptacles are available and their use is imperative.
6. Never will kissing, embracing, hand-holding or any other action that brings inappropriate notice to an individual be considered proper and permissible at school.

7. Each student is scheduled for a definite place during each period of the day and is expected to be in this place during the hours assigned. To be excused from an assigned place a student must have a properly executed written pass.
8. Students are expected to comply with all reasonable requests by teachers. A request will be held reasonable unless it is immoral, illegal or personally degrading. Disagreement with teachers may be brought to the attention of the principal.
9. Students should recognize the authority of all faculty members and their right and duty to enforce school rules and policies.
10. Substitute teachers are important personnel in our school. Students are expected to be polite, helpful and considerate.
11. In order for a student to participate in a school activity, he/she should be in attendance at school at least one-half of the day of the activity. The principal has the authority to excuse a student from this rule in cases of an extreme nature such as the death of a family member or other extenuating circumstances.
12. Electronic games, radios, toys, MP3 Players, Game Boys, Playstations and other items not necessary for educational purposes or personal care are not to be brought to school unless specifically approved by the principal. The school will not be responsible for lost or stolen items that are not allowed at school.
13. Gambling of any nature is forbidden.
14. Pets may not be brought to school without prior approval from the principal.
15. Obscene gestures and/or vulgar language will not be allowed.
16. Cheating of any kind (giving or receiving), including plagiarism, is considered a serious offense and will be dealt with in an appropriate manner.
17. Gang association, communication, recruitment, activity or colors will not be allowed.
18. Devil worship, Satanism, occult or other similar activities and symbols such as swastikas will not be allowed.
19. Threatening, bullying, harassing, hazing or other intimidating behavior, comments, actions or materials will not be allowed. ALL THREATS OF VIOLENCE WILL BE TAKEN SERIOUSLY.
20. Due to increased concerns involving the possible transmission of contagious diseases, the transfer of bodily fluids is considered a SERIOUS offense. Biting, spitting or the intentional transmission of any bodily fluid will result in immediate suspension, followed by a parent conference.
21. Due to allergies, danger of fire and/or explosion, and other possible ill-effects of inhalants, aerosol cans may not be brought to school.
22. Students charged with a felony of a sexual nature may be required to complete coursework off campus and be banned from all campus activities.
23. Threats made by students on social media involving school safety and/or the safety of others will be reported to law enforcement.

Anti-Harassment Policy

It is the intent of the Marshall County Board of Education to prohibit harassment, violence, and threats of violence on school property, on a school bus, or at a school-sponsored function. No

student shall engage in or be subjected to harassment, violence, threats of violence, or intimidation by any other student that is based on any of the specific characteristics that have been identified by the Board in this policy. Students who violate this policy will be subject to disciplinary sanctions.

Definitions

The term "harassment" as used in this policy means a continuous pattern of intentional behavior that takes place on school property, on a school bus, or at a school-sponsored function including, but not limited to, written, electronic, verbal, or physical acts that are reasonably perceived as being motivated by any characteristic of a student, or by the association of a student with an individual who has a particular characteristic, if the characteristic falls into one of the categories of personal characteristics set forth in Section 3(b) below. To constitute harassment, a pattern of behavior may do any of the following:

- Place a student in reasonable fear of harm to his or her person or damage to his or her property.
- Have the effect of substantially interfering with the educational performance, opportunities, or benefits of a student.
- Have the effect of substantially disrupting or interfering with the orderly operation of the school.
- Have the effect of creating a hostile environment in the school, on school property, on a school bus, or at a school-sponsored function.
- Have the effect of being sufficiently severe, persistent, or pervasive enough to create an intimidating, threatening, or abusive educational environment for a student.

The term "violence" as used in this policy means the infliction of physical force by a student with intent to cause injury to another student or damage to the property of another student.

The term "threat of violence" as used in this policy means an expression of intention to inflict injury or damage that is made by a student and directed to another student.

The term "intimidation" as used in this policy means a threat or other action that is intended to cause fear or apprehension in a student, especially for the purpose of coercing or deterring the student from participation in or taking advantage of any school program, benefit, activity, or opportunity for which the student is or would be eligible.

The term "student" as used in this policy means a student who is enrolled in the Marshall County School System.

Description of Behavior Expected of Students

1. Students are expected to treat other students with courtesy, respect, and dignity and comply with the Code of Student Conduct. Students are expected and required (1) to comply with the requirements of law, policy, regulation, and rules prohibiting

harassment, violence, or intimidation; (2) to refrain from inflicting or threatening to inflict violence, injury, or damage to the person or property of another student; and (3) to refrain from placing another student in fear of being subjected to violence, injury, or damage when such actions or threats are reasonably perceived as being motivated by any personal characteristics of the student that is identified in this policy.

2. Violence, threats of violence, harassment, and intimidation are prohibited and will be subject to disciplinary consequences and sanctions if the perpetrator of such action is found to have based the prohibited action on one or more of the following personal characteristics of the victim of such conduct:
 - The student's race;
 - The student's sex;
 - The student's religion;
 - The student's national origin; or
 - The student's disability.
3. Threats made by students on social media involving school safety and/or the safety of others will be reported to law enforcement

Consequences for Violations

A series of graduated consequences for any violation of this policy will be those outlined in the Code of Student Conduct or any rule or standard adopted under authority of this policy.

Reporting, Investigation, and Complaint Resolution Procedures

1. Complaints alleging violation of this policy must be made on Board approved complaint forms available at the principal and/or counselor's office. The complaint must be signed by the student alleging the violation or by the student's parent or legal guardian and delivered to the principal or the principal's designee either by mail or personal delivery. At the request of the complaining student or the student's parent or legal guardian, incidental or minor violations of the policy may be presented and resolved informally.
2. Upon receipt of the complaint, the principal or the principal's designee will, in their sole discretion, determine if the complaint alleges a serious violation of this policy. If the principal or the principal's designee determines that the complaint alleges a serious violation, the principal or the principal's designee will undertake an investigation of the complaint. The investigation will entail the gathering of relevant facts and evidence and will be conducted in a reasonably prompt time period taking into account the circumstances of the complaint. If the investigation establishes a violation, appropriate disciplinary sanctions will be imposed on the offending student(s). Other measures that are reasonably calculated to prevent a recurrence of the violation(s) may also be imposed by the principal or the school system.
3. Acts of reprisal or retaliation against any student who has reported a violation of this policy or sought relief provided by this policy are prohibited, and are themselves a violation of this policy. Any confirmed acts of reprisal or retaliation will be subject to disciplinary sanctions that may include any sanction, penalty, or consequence that is available to school officials under the Code of Student Conduct. A student who

deliberately, recklessly, and falsely accuses another student of a violation of this policy will be subject to disciplinary sanctions as outlined in the Code of Student Conduct.

4. The complaint form developed to report violations of this policy will include a provision for reporting a threat of suicide by a student. If a threat of suicide is reported, the principal or the principal's designee will inform the student's parent or guardian of the report.

Sexual Harassment

Sexual harassment of students WILL NOT BE TOLERATED; and immediate, positive steps to stop sexual harassment activity will be taken when it occurs. Sexual harassment is defined as any unwelcome and personally offensive conduct (including, but not limited to, advances, gestures or words of a sexual nature) which:

- Unreasonably interferes with the student's work or educational opportunities;
- Creates an intimidating, hostile or offensive learning environment;
- Implies that submission to such conduct is made an explicit or implicit term of receiving grades or credit; and/or,
- Implies that submission to, or rejection of, such conduct will be used as a basis for determining the student's grades and/or participation in a student activity.

Examples of prohibited conduct include, but are not limited to, offensive or unwelcome sexual advances or propositions; any unwelcome intentional touching of intimate body areas; employees dating students; verbal abuse of a sexual nature; graphic or degrading verbal comments about an individual or his/her sexual orientation, practices or physical attributes; the display of sexually suggestive objectives, pictures, cards or letters; lewd or suggestive comments, sounds or gestures; off-color language; jokes of a sexual nature; leering; or assault.

The definition of sexual harassment includes conduct directed by males toward females, conduct directed by males toward males, conduct directed by females toward males, and conduct directed by females toward females.

Victims of sexual harassment shall report sexual harassment activity to the immediate supervisor of the offending person immediately upon occurrence or, if they prefer, to a counselor or assistant principal with whom they feel comfortable. The person to whom the incident is reported will have the responsibility of reporting the incident to the proper supervisor. The proper supervisor will then follow grievance procedures that have been adopted by the Marshall County Board of Education.

Students charged with a felony of a sexual nature may be required to complete coursework off campus and be banned from all campus activities.

Dangerous Items

Fireworks, mace, sharp instruments, rubber bands, pocket knives, laser pointers and other dangerous items must not be brought on the campus. Science specimens, required by the

faculty, are permitted provided they are in safe containers and carried directly to the room on arrival. If glass containers are used, they must be packaged in a manner that will prevent them from being broken.

Gun Free Schools Act

According to State Law, the Federal Gun-Free Schools Act (GFSA) and the Every Student Succeeds Act (ESSA), possession of a gun (loaded or unloaded) on a school campus is a violation of Federal and State Law and Board Policy. To be in compliance with the GFSA, each Alabama School System must implement all of the following procedures immediately when it is determined that a student possesses a firearm at school, on school property or at a school event/activity.

1. The student must be expelled and the expulsion noted on records transferred to any other school;
2. The LEA must determine the procedures and steps needed to reach the expulsion status, including, but not limited to, the following:
 - Report to law enforcement.
 - Contact parents
 - Suspend from school immediately pending investigation.
 - Complete an investigation as soon as possible with documented written report(s).
 - Expel student according to LEA policy.
3. Following the expulsion determination, the student cannot attend any regular public school for one calendar year.
4. The LEA can modify the expulsion on a case-by-case basis allowed by the Code of Alabama (1975), §16-1-24-3.
5. Discipline of students with disabilities who violate the firearm possession policies shall be determined on a case-by-case basis in accordance with the requirements of the individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act.
6. GFSA and other state required disciplinary data should be reported to the SDE through the School Incident Report (SIR).
7. Only authorized law enforcement officers may bring or possess any deadly weapon or dangerous instrument on school property.

Fighting

If a student or any other person on school property or attending a school event off campus is involved in a fight or other activity which violates board policy or state law, the principal is authorized to sign the appropriate warrant. If the violator is a student, then all applicable school rules and consequences apply (Ala. Code 16-1-24.1).

Because school should provide a safe and orderly environment which is conducive to learning, it is not permissible for school officials to tolerate fighting or other forms of assault to occur

inside the confines of a school building, on school grounds or at any school function. A fight is defined as physical conflict between two or more individuals (Code of Student Conduct, 3.08). Students who promote, urge or instigate a fight are also subject to disciplinary action. After determining that a fight has occurred, the principal or his/her designee will implement the disciplinary procedure as follows:

Disciplinary Action for Fighting- Students in Grades K-8

First Violation:

Parental contact and a MINIMUM of one day of In-School Suspension or corporal punishment (principal's discretion).

Second Violation:

Parental contact and a MINIMUM of three days of In-School Suspension or Alternative School or corporal punishment (principal's discretion).

Third Violation:

Parental contact and Out of School Suspension or Alternative School for a MINIMUM of five days (principal's discretion).

Subsequent Violations:

Out of School Suspension for a period of time determined by the principal or the Marshall County Board of Education.

Middle School students who engage in VIOLENT, RECIPROCAL PHYSICAL CONFLICT or who engage in an UNPROVOKED ASSAULT of another student may receive the same disciplinary action for fighting as students in grades 9-12.

PRINCIPALS HAVE THE AUTHORITY TO CONTACT LOCAL LAW ENFORCEMENT AND/OR JUVENILE PROBATION WHEN NEEDED.

Disciplinary Action for Fighting- Students in Grades 9-12

The principal or his designee may call the local police department or sheriff's office. After obtaining the facts related to the incident and verifying that there are witnesses, law enforcement will be allowed to remove all students involved in the fight. Before involving law enforcement and juvenile court, school officials will review eyewitness testimony and/or sufficient documentation to support these charges in court.

School officials will file a petition with Marshall County Juvenile Court against all students involved in fighting. A witness list will be attached to the petition.

Students involved in fighting will be suspended from school or given Alternative School for a minimum of five days.

An expulsion hearing could be held for repeat offenders.

Assemblies and Special Programs

At all times the student's behavior should be refined and courteous. An indication of the cultural level of a school is the conduct of its student body at assemblies. Each student is personally responsible for the impression made by the school as a whole. Unacceptable conduct would include whistling, uncalled for clapping, boisterousness and talking during a program.

Acts of Vandalism, Threats, Harassing Communications or Violence Toward School Employees

Acts of vandalism or violence toward school personnel outside the school environment by students can result in disciplinary measures being taken with the students at school (See pages 41 and 42, Acts 94-794 and 96-533 legal requirements).

Dress and Appearance

All students are expected to dress in a manner which reflects self-respect and decency that is appropriate for school. Students are also expected to be clean and neat in appearance and dress. Student dress or appearance which is determined to be potentially harmful to the student or others or distracting to the educational process is prohibited. The principal may apply these standards to any extracurricular event or activity and to approved guests to these activities.

The principal has final authority to determine what types of appearance and dress are not appropriate.

The following are examples of inappropriate dress:

1. An article of clothing or jewelry that advertises alcoholic beverages, tobacco products, illegal drugs, or weapons of any type.
2. Halter-type dresses or blouses, tube tops worn alone, with spaghetti straps or worn under see-through blouses.
3. Sundresses that are low cut in the front or back.
4. Tank tops, muscle shirts or shirts or other clothing designed as undergarments. (i.e. boxer shorts, pajamas or lounging pants, etc.)
5. Any type shirt or blouse that exposes the midriff or stomach.
6. Clothing which is vulgar in appearance or has holes above the knee exposing skin or undergarments.
7. Clothing of any description which does not extend to an appropriate length.

8. No running shorts.
9. Bare feet.
10. Shirts, blouses or other clothing that display a picture of a person who would not be appropriately dressed for school.
11. Shirts, blouses or other clothing that displays vulgar, abusive, gang related, demeaning or suggestive words or messages.
12. Hats, caps, hoods, face or head coverings (with the exception of masks due to COVID 19) worn inside the building.
13. Students' hair shall be neat, clean and well-groomed. Unnatural colors (blue, green, orange, etc.) and spiking may be considered distracting and not be allowed. Length of hair cannot be such that it creates a hazard to the student or impedes vision and/or learning.
14. Principals may forbid students from wearing cleats if they are detrimental to the floor covering used in the building.
15. Tight bicycle shorts or other tight fitting clothing.
16. Students are not allowed any facial piercings other than a small nose stud at the discretion of the principal.
17. Billfold chains, long chains, dog collars, bike chains, etc. are not allowed.
18. "Sagging" attire will not be permitted. Extra-long shirts may not be worn to cover or circumvent the baggy/saggy pants rules. The principal may require that these shirts be tucked in.
19. Trench coats or Western dusters.
20. The display of swastikas or other symbols of racial hatred.
21. Baggy pants.
22. Jewelry with violent themes.
23. References to violent themes or demeaning language on T-shirts, etc.
24. Communication (verbal, written or drawings/artwork) concerning threats, shootings, bombings, hostages, anarchy symbol, gang affiliation or colors, satanism, etc.
25. Backpacks on rollers, will not be allowed in the building unless approved by the principal, due to a students' extenuating medical circumstances.
26. No athletic bags will be allowed in classrooms, lunchrooms, auditoriums, etc.
27. Contact lenses with cat eyes, cartoon faces or other characters and/or unnatural colors are considered distracting and will not be allowed.
28. No shorts, pants, sweat pants, etc. with writing of demeaning or suggestive nature across the seat.
29. Shoes with rollers on the bottom (Wheelies) will not be allowed in school buildings or athletic facilities.
30. Pajamas, lounging pants, or other garments considered as sleepwear will not be allowed.
31. Leggings are not considered pants. Tops must extend past the fingertips when the student's arms are extended by the legs.

Respect for Equipment and Facilities

Each student is expected to assume responsibility for the care of all school property. Damage of

a malicious nature will be considered a very serious matter and will be repaired or replaced at the expense of the student or students at fault and parents of students involved.

Trading, Swapping, and Selling Items

Students are not permitted to trade, swap or sell items among themselves. This creates a nuisance and often causes hard feelings.

Running on Campus

Running in buildings or on the school campus is not allowed unless it is during supervised P.E. class.

Bus Rules

Misbehavior on the bus creates a danger to safety and comfort. Bus rules and Board of Education rules are posted near a the driver of each bus. Children must observe safety regulations in order to continue riding to and from school. The Board of Education is not obligated to transport anyone who does not obey bus rules. Pupil transportation is a privilege and a convenience and is conditioned upon good behavior and strict obedience to the rules of the Board of Education.

Office Permission is necessary for a student to ride a bus other than his or her assigned bus. Permission will be given only if the child has a note from his/her parents stating the emergency. This procedure is necessary to prevent overcrowding of buses. Safety must continue to be our first concern.

Misbehavior on the bus creates a danger for many lives and will not be tolerated. The following actions are strictly prohibited:

1. Exchanging seats or standing while the bus is in motion.
2. Extending head, arms or hand from the windows.
3. Defacing or damaging the bus in any manner.
4. Use of emergency door except in case of an emergency.
5. Leaving the bus at any stop other than a regular stop except upon written consent of the principal. Parent notes must be turned in upon arrival at school for principal's verification.
6. Crowding and pushing to get on or off the bus.
7. Eating or drinking.
8. Blocking aisles with school equipment, feet, legs or book/athletic bags.
9. Talking while the bus crosses a railroad crossing.
10. The school dress and behavior codes apply while traveling to and from school on the school bus.
11. Students who ride the bus in the afternoon shall load the bus immediately after the

dismissal bell rings. For safety reasons, there will be NO LOITERING around the school bus.

12. No bats, balls, or external speakers are allowed on the school bus. No loud music or digital devices. Headphones must be used. The school will not be responsible for lost or stolen items.
13. Students suspended from riding a bus at the "home" school will not be permitted to ride any school bus during the bus suspension.
14. Cell phones and other electronic communications devices may be used on the bus, at the principal's discretion, as long as it does not become a distraction for the bus driver.
15. Refusing to obey the bus driver.
16. Any other actions not along the lines of good conduct.

Driver's Disciplinary Actions

First Time: The Driver will have a conference with the student. (Bus Conduct Form, copy retained by Driver)

Second Time: The Driver will move the student to an assigned seat for two (2) weeks. (Bus Conduct Form, returned to Driver signed). If the student does not return the signed Bus Conduct Form, he/she will be referred to the principal or assistant principal upon arrival at school.

*Any additional violations will be sent to the principal or assistant principal.

Administration's Disciplinary Actions

First Time: The principal will also talk to the student and, at his/her discretion, give corporal punishment or three (3) days bus suspension.

Second Time: The principal will suspend bus-riding privileges for a minimum of five (5) days.

Third Time: The principal will suspend bus-riding privileges for ten (10) days.

Fourth Time: The principal will suspend bus-riding privileges for the remainder of the semester or a minimum of twenty (20) school days.

Fifth Time: The principal will suspend bus-riding privileges for the remainder of the school year. Violations occurring near the end of the school year may result in days being added at the beginning of the next school year.

Serious Violations:

Serious rule violations include:

- Fighting
- Possession or use of illegal drugs, alcohol or tobacco.
- Throwing objects inside or outside of the bus.
- The use of profanity.
- Participation in sexually explicit behavior.
- Any other behavior which jeopardizes the safety of the students, driver or other persons inside or outside the bus.

After one serious bus rule violation on a trip, a Bus Conduct Report Form will be filed with the principal. These incidents will result in disciplinary measures including, but not limited to, the loss of bus riding privileges as determined by the principal, superintendent, or the Marshall County Board of Education. Law enforcement agencies will be contacted if the laws of the State of Alabama or the United States of America are broken. If these bus disciplinary actions are not effective in improving the student's behavior, then the principal may refer the student to the Superintendent of the Marshall County Board of Education for a possible expulsion hearing.

Note: The principal or person in charge of bus discipline will have the discretion of taking into account the age of the child and the severity of the offense when dealing with younger students.

This policy will not supersede the Individualized Education Program for disabled children.

- The bus operates on a definite schedule and will not wait for habitually tardy students.
- Any driver having difficulty with a student which he/she feels is beyond his/her capability to remedy or for which he/she feels he/she needs assistance, shall report the condition and situation to the principal. The principal shall have full and complete authority over the student while being transported in the school bus the same as when on campus.
- Students leaving the bus and having to cross the road should cross in front of the bus after looking both ways. The driver will immediately report any and all violations of rules to the principal.

House Bill 105, The Charles "Chuck" Poland Act. 2013

HB 105 states that a person commits the crime of trespass on a school bus in the first degree if he/she is found guilty of any of the following:

- Damaging any public school bus.
- Entering a school bus without a lawful purpose or after being forbidden from doing so by the driver or on demand of the principal or other school system official.
- Refusing to leave the bus on demand of the driver, principal, or other school system official.
- Intentionally stopping, impeding, delaying or detaining any public school bus with the intent to commit a crime.

Damage to Bus Seats

Students will be required to pay for any damage to bus seats. Charges for damages will be as follows:

Damage	Charge
Small hole or puncture to seat cover.	\$25.00
Cut to seat cover of $\frac{1}{8}$ inch or greater.	\$50.00
Cut to seat cover and foam	\$150.00

** For the student’s protection, two emergency evacuation drills, mandated by the State Department of Education, will be conducted annually on each bus.

Tobacco Use in School

Due to the vast amount of medical evidence which demonstrates the harmful effects of tobacco use as it relates to heart, lung and gum disease and cancers of the lungs, throat, voice box and esophagus; and due to the fact tobacco is often a “gateway” drug which leads to the use of marijuana and other drugs; and due to the harmful effects of secondary smoke on others; and due to the fact that teachers, coaches, bus drivers and other personnel are perceived as role models whom school age children often admire and emulate, the policy concerning the use of tobacco products will be as follows:

1. Students will not be allowed to use or possess tobacco products during school hours, at extracurricular school functions, while participating in athletics, band or other school-sponsored practices, games or functions or in transit to or from a school function as a member of a school group, team or club.
2. Students found to be using or possessing tobacco products at school or school functions will be subject to disciplinary action as prescribed by the Marshall County Board of Education in the Student Handbook (See Below).
3. Employees of the Marshall County Board of Education will not use tobacco products (cigarettes, snuff, chewing tobacco, etc.) in the presence of students during school hours, at extra-curricular activities held after school hours, whether on or off the school

campus, or in transit with a student group, team or club when the employee is in charge of the students or providing supervision.

4. Students, employees, and other persons using or having in their possession any artificial e-cigarette (Juuls, Vapes, etc), water vapor cigarette or nicotine delivery device will be considered to be in violation of this policy.
5. Failure to adhere to this policy will result in penalties as stipulated by the Board of Education.

Possession, Smoking, Use of Tobacco, and Other Electronic Delivery Devices

In conforming to the state law which prohibits the sale of cigarettes to children under 21 years of age, and within the recommendation of physicians as well as the Secretary of Health and Human Services that smoking is injurious to your health, smoking and the use of tobacco will not be allowed at any school in the Marshall County System (including Marshall Technical School). This includes electronic cigarettes, vaping, juuling, and other delivery devices. Penalties for violation of this rule have been established as follows:

1st Offense: Automatic 10 days in-school suspension

2nd Offense: Automatic 5 days alternative school*

3rd Offense: Automatic 10 days alternative school*

4th Offense: Suspension until hearing before the Marshall County Schools' Discipline Committee.

Note: tobacco products found in the possession of students will be confiscated.

Substance Abuse by Students

It is in the policy of the Marshall County Board of Education that any student found to be in possession of illicit drugs or drug paraphernalia or under the influence of illicit drugs, **including alcoholic beverages**, on any campus or during any school sponsored activity, at or away from school, shall be immediately suspended from school by the school principal or his/her designee. Possession includes, but is not limited to, the presence of the illicit substance on the student's person, in his/her school locker, in his/her possessions (book bag, purse or other personal articles) or in his/her automobile, motorcycle or other vehicle. **The school principal shall make a report to the superintendent immediately**, and if the violation is of serious nature, the superintendent shall set a date within ten days for an expulsion hearing to be held before the Marshall County Board of Education.

If a person is found to have violated a local board of education policy concerning drugs, alcohol, weapons, physical harm to a person or threatened physical harm to a person, the person **may** not be readmitted to the public schools until criminal charges, if any, have been disposed of by

appropriate authorities and the person is satisfied all other requirements imposed by the local board of education as a condition for readmission.

In the event that a student is found to be under the influence of or in possession of illicit drugs, the following procedures shall be followed:

1. The student shall be clearly informed by the principal or his/her designee of the offense with which he/she is being charged and of the evidence against him/her. Said student will be given an adequate opportunity to state his/her position regarding the alleged offense.
2. If, in the judgement of the principal or his/her designee, the student did commit the offense in question, said student shall be immediately suspended from school.
3. The principal shall immediately notify the student's parent or legal guardian of the action taken, cause or causes for such action, and further action to be taken.
4. Appropriate law enforcement agencies will be contacted.
5. The student shall then be dismissed from school, but ONLY in the company of his/her parent or legal guardian or appropriate law enforcement officer.
6. Within a period of time not to exceed ten (10) days, the Board of Education shall hold a hearing in order to render a decision concerning the expulsion of the student. The Board of Education hearing relative to expulsion, as well as the preliminary steps concerning said hearing, shall comply with procedural due process criteria. If the Board determines that the charges brought against the student are valid, the student may be expelled from the Marshall County School System for up to one full year from the date of expulsion. Expulsion is here defined as removal of the name of a student from the attendance rolls of the school. In case of expulsion, the student will not be permitted on the campus of any school in this district nor will he or she be permitted to attend or participate in any school sponsored activities.
7. The superintendent of schools shall notify, in writing, the parent or legal guardian of the student of the action taken by the Board.
8. A student who is expelled may petition the Board for reinstatement prior to the beginning of the semester when the expulsion ends. At that time, a negative drug test analysis will be required for consideration of the Board for reinstatement.
9. The student will be referred to the Marshall County School Student Discipline Committee for a student hearing. The committee will determine the consequences for the student for the violation. The committee may refer the student to the Marshall County Schools Board of Education for a board hearing.

Violations/Consequences and Interventions

Drug/Substance Abuse Testing- Positive Test Results and/or Possession			
Violations/Consequences		Interventions	
First Violation	Student suspended from extra-curricular activities/competitions for 9 weeks.	First Violation	Parent and student must attend a conference with the school principal.
	Student suspended from parking on campus for 9 weeks.		Successfully complete substance abuse modules as determined by the

	Reinstatement requires a negative test and completion of required interventions.		MCBOE. Student must submit a negative drug test at 5 weeks and at 9 weeks at parent/guardian expense.
			Student and parent must meet with a Marshall County Juvenile Probation Officer.
			Student must agree to participate in all school-administered drug tests until graduation.
	**If a student does not want this option, the student will receive the same consequences/interventions as 2nd violation listed below.		Student must participate in behavioral counseling.
Second Violation	Student suspended from (May not participate in) extracurricular activities for 1 year (365 days).	Second Violation	Parent and student must attend a conference with the school principal.
	Student suspended from parking on campus for 1 year (365 days).		Successfully complete an approved drug prevention program at the parent/guardian expense.
	Reinstatement requires a negative test and completion of required interventions.		Additional drug testing at parent/guardian expense.
Third Violation	Student suspended permanently from (May not participate in) extracurricular activities.	Third Violation	Parent and student must attend a conference with the school principal.
	Student permanently suspended from parking on campus.		Successfully complete a more intensive approved drug prevention program at the parent/guardian expense.
	No reinstatement permitted.		More frequent drug testing at parent/guardian expense.

Imitation Controlled/Over-the-Counter Substances

Imitation controlled substances are defined in the Alabama Code § 20-2-141 as a substance, other than a legend controlled drug, that is not a controlled substance, which dosage unit appearance (including color, size, shape and/or markings), and by representations made, would lead a reasonable person to believe that the substance is a controlled substance. Possession, manufacture, distribution or advertisement of these substances is illegal and prohibited by the Marshall County Board of Education and the State of Alabama and are subject to legal action under Alabama Code § 20-2-143. The illicit possession or use of over-the-counter substances, including, but not limited to, white crosses, yellow jackets, caffeine pills or other similar substances will be considered a serious Class II Violation and subject to appropriate consequences as determined by the principal. Repeat offenses will be considered a Class III Violation and subject to expulsion by the Marshall County Board of Education.

Corporal Punishment

The Board allows a reasonable corporal punishment of students under the following terms and conditions. Corporal punishment will be administered only as a disciplinary measure, with due regard for the age and physical condition of the student, and without excessive force. Corporal punishment will be administered by the school principal or his representative in the presence of another adult professional school system employee. Corporal punishment should not be administered in the presence of another student.

Student Suspension (including Students with Disabilities)

In order to maintain order, minimize the risk of potential personal injury, property damage or disruption, or to permit an orderly investigation and evaluation of a suspected violation of school or school system rules, standards, or policies, principals may temporarily suspend a student pending a conference with the parent or guardian of the student and a final disciplinary decision. Suspension may also be imposed as a disciplinary measure as provided in the Code of Student Conduct. Suspensions will be counted as excused absences. Make-up work will be permitted for such absences unless permitting such work under the circumstances would be impractical or impossible, would serve no purpose, would place school personnel at risk of harm, or would be unreasonable in light of the grounds for the suspension. Suspension of students with disabilities will be subject to applicable limitations and requirements imposed by the Individuals with Disabilities Education Act ("IDEA") and its implementing regulations.

Student Expulsion (including Students with Disabilities)

Students may be expelled from school for offenses serious enough to warrant such action as provided in Code of Student Conduct or other Board disciplinary policies. Students who are recommended for expulsion may be suspended until such time as the Board meets to consider the recommendation for expulsion. Reasonable notice of the proposed action, the reasons therefore, and an opportunity to be heard will be afforded to the student and the student's parent or guardian prior to a final decision by the Board regarding expulsion. The Superintendent will notify the student or the student's parent or guardian, in writing, of any action taken by the Board. The term of an expulsion may extend to the maximum permitted by law. The Board may impose such reasonable limitations on the student's right to re-enroll in the school system following expiration of expulsion as may be permitted by law. A student who withdraws from school prior to the Board's consideration of a proposed expulsion may not re-enroll in the school system until the Board holds a hearing or other appropriate proceedings regarding the recommended expulsion. Expulsion of students with disabilities will be subject to applicable limitations and requirements imposed by the Individuals with Disabilities Education Act ("IDEA") and its implementing regulations.

Marshall County Alternative School

Students with serious disciplinary problems at their home schools can be sent to the Marshall County Alternative School as an alternative to suspension or expulsion. This gives students the opportunity to continue with their academic assignments. The Alternative School is staffed with professional personnel. When behavior warrants, a principal can make an initial placement for a period of not less than three days but no more than 10 days. Longer-term placement can come from the Superintendent, Student Discipline Committee, an IEP Committee, the Board of Education or the Juvenile Court System. A student's work assignments will be prepared by his/her teachers at the home school and sent to the Alternative School. Upon completion of his/her work, it will be returned to these teachers to be graded.

When assigned to the Alternative School, the student:

- Is not allowed on any Marshall County School campus or school bus, unless the student is transported to school on a special needs bus.
- May not drive to Alternative School;
- Is not allowed to participate in or attend any school function; and
- Will receive the same lunch program that he/she does at the home school (free, reduced or paid). Lunch money must be paid at the Alternative School.

VII. Miscellaneous

Permanent Records

Student permanent records may be viewed by the parents. If you desire to see your child's permanent record you may get an appointment to do so. You will be required to sign a card which shall be placed in the record stating: (1) your name, (2) relation to student, (3) reason for view, (4) date and place of Inspection.

Reports of Student Progress

Reports of student progress are issued each grading period (nine weeks). Interim progress reports are sent midway through each grading period.

Make-up Work And Tests

Teachers provide students who have been absent for excused reasons an opportunity to make up missed assignments and tests. Teachers are not required to reteach the lesson missed. Students absent for unexcused absences are not allowed to make up work missed. Students who have excused absences are to make arrangements with teachers for make-up work and

test immediately upon returning to school. The maximum length of time may be extended by the teacher and/or principal in cases of extreme hardship.

When a student is absent for just a few days, he/she should call a friend who has the same classes to find out what has been covered in class, homework assignments, tests, etc. For a prolonged absence (3 days or more), call the school office to obtain assignments.

Telephone Use And Student Messages

The office telephone is not to be used by students unless special permission is granted by the principal or office secretary. Such permission will be granted only for urgent calls. Students will not be called out of class for phone calls unless the call is an emergency. All messages from parents directed to students during the day must go through the office. Messages should be kept to a minimum, but in cases of an emergency, the school personnel will be glad to convey any message.

Scheduling Personal Matters

When students arrive at school they should take care of personal matters; using restrooms, getting water, getting money changed, buying supplies, etc. Students are not to leave the campus between classes or at breaks without permission from the principal. Appointments with doctors, dentist, etc. should not ordinarily be made during school time. In case it is necessary to check out of school, the check-out procedure outlined in this handbook should be followed.

Rights Of Noncustodial Parents

Unless a court order specifically divests or deprives the natural parent of the right to receive information concerning the health, welfare and safety of their child, the noncustodial parent is entitled to any and all information concerning the health, welfare and safety of the child, including matters relating to education. The last date/issued court document on file in the principal's office will be followed in all custody matters.

If a non-custodial father or mother (natural parent only) requests permission to review a student's file, to meet with the child's teacher or to participate in other relevant matters concerning the child's welfare, the school will cooperate within reasonable bounds.

If a non-custodial parent requests to meet the child's teacher or with the principal, permission will be granted for a parent conference. However, permission will not be granted for the non-custodial parent to meet the child at school. If a parent conference is requested by a non-custodial parent, the meeting is to be held in the principal's office. The non-custodial parent is not to be given permission to go to the child's room and may not serve as a room mother or room father.

If a custodial parent seeks to stop or restrict the access of the non-custodial parent to the relevant information concerning the welfare of the child, this policy will be in effect until the court advises otherwise. On the other hand, if a noncustodial natural parent attempts to broaden these rights and insists on other privileges, they are to be refused unless the court directs otherwise.

The rights of parents in a divorce situation are set by the court, and the school does not wish to get involved any more than necessary. The school cannot grant more rights than the court has granted nor can it restrict rights any more than the court has restricted them.

If there are programs at school that are open for attendance by the general public, obviously they are open for attendance by the non-custodial parent.

Guidance And Counseling

The Marshall County Board of Education is committed to offering a program of comprehensive developmental guidance for all students in grades K-12. This program will consist of planned, purposeful and sequential activities that are both proactive and reactive in nature. Each student will be provided with the opportunity to learn the essential skills which will assist him/her in attaining his/her maximum potential in personal/social, educational and career/technical development. This will be accomplished through a variety of methods including the following: Individual and small group counseling; Large group counseling; Assessment of abilities, aptitudes and interests; Consultation with parents, staff and community groups; Educational and career/technical placement and follow-up; and, Referrals.

The major objectives of a comprehensive developmental counseling and guidance program are:

1. To help all students in the transition through normal life stage development and critical periods.
2. To convey a "NO-USE" message in regards to drugs, bullying and harassment, alcohol and tobacco through the development of skills aimed at making intelligent decisions, solving problems and handling peer-pressure.
3. To help all students to develop a positive self-concept and self-esteem.
4. To identify and assist those students who are "At Risk" of not finishing school by providing appropriate intervention activities.
5. To assist students in setting short term and long range goals, career exploration and receive information concerning the health, welfare and safety of their child, the noncustodial parent is entitled to any and all information concerning the health, welfare and safety of the child, including matters relating to education. The last date/issued court document on file in the principal's office will be followed in all custody matters.

Parent-Teacher Conferences

Teachers are available for parent-teacher conferences. Parents should contact the school via telephone or email for conference appointments one day in advance. If a student is having difficulty or not making an effort to complete required work, parents are encouraged to telephone for a conference.

Check Cashing Policy & Bad Check Collection Procedure

By law, schools are forbidden from cashing checks from any school fund. All checks written to the school must be written for the exact amount of purchase or applied to the student's account. For example, a check may be written for \$20.00 to the Child Nutrition Program to be credited to the student's lunch or breakfast account.

A non-sufficient fund (NSF) fee (\$29.00 as prescribed by law) will be charged to the check writer for all returned checks. If the check writer does not pick up and pay the NSF fee and the amount of the check within ten days of notification, the check will be turned over to the District Attorney's Worthless Check Unit. The bad check writer will be notified by the Unit and will be given the opportunity to voluntarily pay the total amount owed (which will include a \$94.00 D.A. fee). If the bad check writer fails to respond to the notification, a warrant will be issued. If arrested, court fees of \$275.00 are also added to each bad check case brought to trial.

When a student who is a minor writes a bad check, the parent or guardian will be contacted before any other action is taken.

School Office

The school office is a place for conducting school business and order will be maintained as if it were a classroom. Students are not to bring food or drinks into the school office.

Fund Raising Projects

All fund raising projects must have approval of the superintendent. Fund raising activities will not be conducted that interfere with the regular instructional day. Activities of educational value may be approved by the superintendent. Selling of any kind will not be allowed on the school campus without permission of the superintendent.

Food items purchased or provided free during school hours must meet Federal and State Nutritional Guidelines.

Items Purchased or Sold at Individual Schools

All items purchased or sold in the individual schools of the Marshall County School System shall be purchased or sold based upon the value delivered in quality, service and educational experience and shall reflect that which is in the best interest of the student and the school.

The work related to these purchases, promotions, distribution and collection of monies shall be provided in such manner that it does not interfere with the educational process.

It shall be the responsibility of the individual school principal to see that the student, parent and school shall receive the best value possible for the money expended and to see that this policy is carried out in his or her individual school.

All expenditures made by individual schools of monies raised at athletic events, snack bars or other non-tax sources must comply with the competitive bid laws as does any purchase made that involves tax sources of the federal, state or local government.

Food items purchased or provided free during school hours must meet Federal and State Nutritional Guidelines.

Lockers

Although a student may have control of his/her locker against his/her fellow students, his/her possession is not exclusive. The school policy is to reserve the right to search a student's locker. Any locker search must be approved by the principal. The principal will authorize such a search if there is reason to believe that something is concealed there that is detrimental or harmful to the student or other students, or something that is illegal. Locker fees are \$5.00 per year.

Lost and Found

All articles found on the campus should be turned into the office. The owner may claim the article upon identification. Articles will be retained in the school for a two week period only. The school is not responsible for items lost by a student at school.

Fire Drills

Three short bells or the sound of a fire horn is the signal to evacuate the building in case of a fire. When the alarm is sounded, each teacher will lead their class from the building through a designated exit. One long bell will be the all-clear sign to return to the building.

The following rules must be observed during a fire drill:

- Be quiet
- Walk as swiftly as possible, but do not run

- Leave books and coats in room
- Leave by the nearest exit, in the event you are not in your scheduled class when the bell rings
- Close windows and doors before leaving
- Teachers will then call roll and report any missing students to the principal

Severe Weather Drill

A severe weather drill will be signaled by a long ringing of the bell, followed by a short ring of the bell.

The following rules must be observed during tornado drills:

- Be quiet
- Leave all articles in the room with the exception of one (1) textbook
- Walk as swiftly as possible, but do not run to a designated area
- Close windows and doors before leaving room;
- Teachers will check roll and report any missing student(s) to the principal
- Students will sit in the floor, with knees up and a book covering their head

Severe Weather-School Closings

In case of severe weather, snow, ice, etc. the official announcement for school closings will be made utilizing the school system's automated calling system, social media and local television/radio stations. Please ensure that your child's school has your accurate contact information.

Early Dismissal Of School

Parents should be sure that both the teacher and child knows where the child is to go if we have to dismiss early for any reason.

Lockdown Procedure

Parents will be notified by the school's automated calling system if unscheduled lockdown procedures are implemented. The automated call will be made after the situation is under control.

School Meal Programs

All students are to go to the cafeteria with their class at the appointed time. Loud, abusive talk, throwing of food, or destruction of equipment will not be tolerated. Every student is responsible for his/her own tray and must not leave it on the table. Lunches brought from home are to be eaten in the cafeteria. All trash is to be deposited in the receptacles provided. Students are not allowed to break cafeteria line with or without the permission of a person in front of whom they break. Please help keep the cafeteria neat and orderly!

Schools will participate in available school meal programs, including the National School Breakfast Program, National School Lunch Program, grants as received, and the Summer Food Service Program. Reimbursable school meals meeting the program requirements and nutritional standards established by applicable state and federal regulations will be served. With the exception of exempt fundraisers, all foods and beverages sold on campus will be compliant with the USDA Smart Snacks in Schools standards.

Food items in competition with the CNP scheduled meal time may not be sold or provided free of charge to students. Foods and beverages may not be sold on a school campus one hour before and one hour after CNP meal periods. After being seated with their meal, students must have a minimum of 15-20 minutes to consume their meal. The Board will allow the marketing of only the foods and beverages that meet nutrition standards for foods sold in schools. Students are not allowed to bring fast food meals into the cafeteria during breakfast or lunch unless these items are contained in an unidentifiable container.

School Meal Charge Policy

The Marshall County School District encourages parents to prepay meals for their children thereby eliminating situations that could develop during mealtime because of negative balances or failure to bring money to school. Students and parents will be held accountable to pay for the meals provided through the Marshall County Schools Child Nutrition Program. Parents are encouraged to take advantage of the MySchoolBucks online pre-payment system offered by the Child Nutrition Program which is available on the district website.

STUDENTS WITH NO MONEY FOR BREAKFAST/LUNCH OR A NEGATIVE ACCOUNT BALANCE: Students wanting breakfast or lunch and not having money to purchase the meal will be allowed to charge up to \$25.00 for students receiving reduced price meals and \$50.00 for students receiving full paid price meals. Students may not charge a la carte items or extras. An automated calling system will call parents/guardians of students with a negative account balance. Telephone calls are made on Mondays, Wednesdays, and Fridays. A list of negative account balances will be provided to each principal by the school cafeteria manager weekly. Once a student has reached his/her charge limit, the student must go to the school office to

receive funds.

Any uncollected charge is considered a bad debt. Bad debts are not allowed expenditures for any state, federal, or public local funds. Uncollected charges remaining at the end of the school year will be satisfied using non-public funds.

Students may not be denied a reimbursable meal. However, continued charging and abuse will result in an investigation by the principal and Child Nutrition Program supervisor. The parent and/or guardian will be contacted first. The Department of Human Resources may be contacted as deemed necessary by the principal and Child Nutrition Program supervisor.

ADULT CHARGES:

Adults and employees will not be allowed to charge meals and/or a la carte items through the Child Nutrition Program.

Any parent/guardian experiencing financial problems may contact the school cafeteria manager to implement a payment plan.

Applications are available online at www.myschoolapps.com. Please email Casey Partain at partain.casey@marshallk12.org with any questions.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotope, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the USDA Program

Discrimination Complaint Form, (AD-3027) found online at:

http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

mail: U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights

1400 Independence Avenue, SW
Washington, D.C. 20250-9410

fax: (202) 690-7442; or
email: program.intake@usda.gov.

This institution is an equal opportunity provider.

School Breakfast Requirements

The meal pattern for school breakfast is established by the United States Department of Agriculture. USDA requires that four meal components be offered at breakfast. A grain, fruit, milk, and additional item will be offered. Students must select a minimum of three meal components in order for the meal to be a reimbursable meal. One of the components selected must be a fruit or vegetable.

School Lunch Requirements

The meal pattern for school lunch is established by the United States Department of Agriculture. USDA requires that five meal components be offered at lunch. A meat, grain, vegetable, fruit, and milk will be offered. Students must select a minimum of three meal components in order for the meal to be a reimbursable meal. One of the components selected must be a fruit or vegetable.

School Meal Prices

Reduced price or free cafeteria meals are available for all students who meet the eligibility guidelines established by the United States Department of Agriculture. All students may apply for cafeteria meal benefits at any time during the school year by requesting an application from the school office or their cafeteria manager, completing the application, and returning it to their cafeteria manager. You can also apply for cafeteria meal benefits by going to <http://www.myschoolapps.com/>. All student meals will be served at full paid price until an application has been completed and approved by the CNP Director. The cost of meals selected prior to approval for cafeteria benefits will be the responsibility of the student or his/her family.

Meal	Full Paid	Reduced
Breakfast	\$1.25	\$.30
Lunch	\$2.75	\$.40

Online Meal Payment

Parents may manage student's meal accounts on-line by accessing www.myschoolbucks.com or calling 800-842-7741. There is no cost to create a secure account to view and monitor a student's account. The parent can create settings to receive email notifications when the account reaches a low balance.

For a small program fee, a prepayment can be made into a student's meal account using a check, credit card, or debit card. Funds deposited are usually available for student use within a matter of minutes. An option is available to automatically replenish a student's account when it reaches a low balance.

Healthy Snacks For School Parties & Activities

Students are taught in classrooms about good nutrition and the value of healthy food choices. However, many times foods served in the classrooms, in the case of a class party, are low in nutrients and high in calories. This sends them a mixed message – that good nutrition is just an academic exercise that is not supported by school administration and is not important to their health or education. To send the right message, administrators, teachers, parents, and students need to promote healthy lifestyle principles, replacing unhealthy food offerings with healthy ones for school parties and other school activities. The Alabama Department of Public Health Nutrition and Physical Activity Unit recommends commercially prepared and sealed party snacks.

School activities or parties where food is served, **must not** be conducted during or in place of school lunch or breakfast service.

Communicable Disease

The Marshall County School System will work cooperatively with local and state health agencies to enforce and comply with applicable health codes for the prevention, control and containment of communicable diseases in schools. Primary areas of concern are as follows:

Certificate of Immunization:

A Certificate of immunization against disease designated by the state health officer shall be required before a student can be enrolled initially in school of the Marshall County School System.

Authority to Exclude Student or Staff Member:

The Superintendent (or his/her designee) shall have the authority to exclude any student or staff member with a communicable disease or parasite known to be spread by any form of casual contact and considered a health threat to the school population. Such a student or staff member shall be excluded from schools in the Marshall County School System for a period of time as may be prescribed by the local Health Department, school nurse or a physician. Examples include but are not limited to the following: Chickenpox, Impetigo, Tuberculosis,

Pediculosis (lice), Pneumonia, Ringworm, Scabies (itch), Scarlet Fever, Strep Throat, Conjunctivitis (pink eye), Hepatitis.

Due Process for Students and Staff Members:

When reliable evidence or information from a qualified source confirms that a student is known to have a communicable disease or infection that is known not to be spread by casual contact, i.e. AIDS, Hepatitis B and other like diseases, the decision as to whether the affected person will remain in the school setting will be addressed on a case-by-case basis. School authorities will determine the educational placement of a student known to be infected with HIV on a case-by-case basis by following established policies and procedures for students with chronic health problems or students with disabilities. Decision makers must consult with the student's physician and parent or guardian; respect the student's and family's privacy rights; and reassess the placement if there is a change in the student's need for accommodations or services. The Marshall County Board of Education does not discriminate on the basis of HIV infection or association with another person with HIV infection in accordance with the Americans with Disabilities Act of 1990. An employee with HIV infection may continue working as long as he or she is able to perform the essential functions of the position.

Mandatory Screening for Communicable Diseases:

Mandatory screening for communicable diseases that are known not to be spread by casual contact is not warranted as a condition for school entry or for employment or continued employment.

Procedures for Handling Blood or Body Fluids:

Irrespective of the disease presence, routine procedures shall be used and adequate sanitation facilities will be available for handling blood or body fluids within the school setting. School personnel will be trained in the proper procedures for handling blood and body fluids and these procedures will be strictly adhered to by all school personnel.

Confidential Information:

All persons privileged with any medical information that pertains to students or staff members shall be required to treat all proceedings, discussions and documents as confidential information.

No information regarding a person's HIV status will be divulged to any individual or organization without a court order or the informed, written, signed and dated consent of the person with HIV infection (or the parent or guardian of the legal minor). The written consent must specify the name of the recipient of the information and the purpose for disclosure.

Instructions Regarding Communicable Diseases:

Instruction on principle modes by which communicable diseases, including, but not limited to, Acquired Immune Deficiency Syndrome (AIDS), are spread and the best methods for restriction and prevention of these diseases shall be taught to students with inservice education provided to all staff members.

Lice Information

Anyone can get head lice. Head lice are passed from person to person by physical contact or by sharing objects. It has nothing to do with cleanliness. Should you be notified that your child has contracted lice, he/she cannot attend school until after his/her hair has been treated with a lice killing product and all nits have been removed. Those students who are given proper treatment and are louse/nit free are permitted to return to school the next day. No more than one (1) calendar day absence from school will be considered excused. You must bring your child to the school office before he/she can return to class. Your child cannot ride a school bus or attend class until he/she has been checked by school personnel and cleared to return to school. If you have questions or need assistance, contact the school principal and/or school nurse.

Dispensing Medication

In order to assure safety in the administering of medications in the school setting, the following guidelines will be followed in the administration of medication to students in the Marshall County School System:

1. Parents should, whenever possible, administer all medication before and after school unless otherwise prescribed by a doctor.
2. Should a student need to take medication at school, the medication must be administered in the office by trained staff member or the school nurse. The student must consume his/her medication in the presence of said staff member. The medication must be brought to the office, in the original prescription bottle with the signed school form. The form, signed by the parent and the physician if medicine is prescribed by a physician, states the name, time and amount of medication to be administered.
3. Over the counter medication (OTC) – If ten or more doses are administered to a student in a thirty calendar day period, a prescription from the physician will be required. All

OTC medications will be handled in the same manner as prescription medications.

4. Field Trip – The medication assistant or parent will accompany the child on the field trip to administer medications. With any invasive medication, arrangements will be made to ensure adequate safety and care.
5. Emergency Situations – In the event of a school building evacuation, 911 services will be notified for any medical emergency.
6. The school nurse is responsible for each individual school will check the medication administered from the school office and at the time the medication is to be administered.
7. Required medication forms include, but are not limited to, the following:
 - Physician/Parent Authorization form
 - Asthma forms for self administration daily record
 - Medication administration daily record
 - Medication expiration verification form
 - Medication expiration verification calendar for expiration form

Parent will be notified to pick up any expired medication throughout the school year and any remaining medications the student may have at the end of the school year. All medication picked up will need to be signed out by the parent. Medicine will not be sent home with the student. Any medication that is not picked up will be disposed of at the end of the school year.

Illness, Injury And Insurance

If a student becomes ill at school, he or she should report his or her sickness to the teacher in charge so appropriate action can be taken. The school will not assume the expense for any injury at school or during participation in a school activity. School insurance is available to all students at a very nominal rate and all students are encouraged to take this coverage. Expenses incurred by injury not covered by school insurance will be the responsibility of the parents.

Health Services

The Marshall County Board of Education is committed to providing health services as required by the Registered Nurses Required in Public Schools Law (Act. 98-672). Registered Nurses (R.N.'s) are employed as school nurses by the Board of Education to coordinate health services for students in grades kindergarten through twelve. Services provided include, but are not limited to, the following:

- Providing Health Screenings as follows:
 - Vision and hearing screening as needed; Scoliosis screening for students in grades 5-9;
- Professional development activities for school staff including, but not limited to, the following:
- Standard Precautions for handling body fluids, etc.; Dispensing medications;
- Health issues, such as, diabetes, seizures, communicable diseases CPR and AED use;

- Speaking to classroom and parent groups concerning hygiene, nutrition, communicable diseases, drug education, abstinence and other health issues;
- Performing invasive procedures as required;
- Supervising any Licensed Practical Nurse (LPN) which may be employed by the Board;
- Serving as a resource during school safety, emergency or crisis situations;
- Making home visits regarding health related matters;
- Handling emergencies in regard to diabetes, seizures, injuries, asthma, anaphylactic shock, etc.
- Coordinating the development, implementation and evaluation of Individual Health Care Plans (IHP) for students with special health needs.

Needles, EpiPens, other “sharps” and any materials considered as a biohazard used at school must be disposed of in an approved biohazard receptacle. The Registered School Nurse serving each school will be responsible for disposing of these materials at a hospital or other approved facility as needed.

The Marshall County Board of Education will not comply with “Do Not Resuscitate” (DNR) orders. Emergency procedures will be followed for any student who requires Cardiopulmonary Resuscitation (CPR) or other life saving measures. Ambulance services and/or 911 will be called immediately.
